

DEAD IN CRIB FIRE MAY EXCEED 100

Horror of Catastrophe in
Lake Michigan Grows
Appallingly.

HALF A HUNDRED BODIES RECOVERED

Remains of Most of Victims
are Charred Beyond
Recognition.

Chicago, Jan. 21.—Possibility that the list of dead in yesterday's tragedy at the intermediate crib may reach sixty-six was expected today by Coroner Hoffman. There are forty-seven bodies at the morgue, which corresponds with the number reported missing by the Jackson company. But the company's pay roll was incomplete and inquiries have been received for nineteen men whose names were not on the pay roll, but who were said by relatives to have been working at the crib by the day.

Of the thirty-nine injured who were rescued yesterday, fifteen remained at the hospitals today. Of these the condition of five was said to be serious.

President Joseph D'Andrea, president of the Sewer and Tunnel Miners' association, expressed the fear today that the death list may reach one hundred.

"I told him," he said, "that there were about 175 men working at the crib when the fire started. If this proves true the number of dead will easily reach one hundred. Many of the men who are missing are undoubtedly at the bottom of the lake and their bodies will probably never be recovered. Our organization will make an investigation."

Bodies Burned Beyond Recognition.
A thick gray mist hanging over the city today lent the last touch necessary to complete the gloom of the scene in the vicinity of Murphy's morgue, where rest the bodies of the victims of yesterday's crib fire.

Inside the undertaking rooms, like the granary of some terrible blue-beard, rested forty-seven sacks, each containing the unrecognized body of a man who met death in the charnel house in the lake. In the street a quiet, grief-stricken crowd stood talking softly in groups, or plodding up and down the slippery walks.

"Any news?" was a query always answered in the negative as some wife or mother sought to learn if husband or son had been recognized or otherwise identified.

"Poor Andy," cried one watcher, a friend of Andrew Anderson, who is among the missing. "He had not been here long and his hard on his mother and father in Brooklyn."

Unless very persistent, inquirers are not allowed within the morgue. The bodies have no human semblance; all look alike and where possible it was desired to spare friends and relatives.

REPUBLICAN PARTY MUST BE RIGHT ON TARIFF

Cannon Says It Should be
That Even if It Goes
Out of Power.

Washington, Jan. 21.—Declaring in favor of postal savings banks, Postmaster General George Von L. Meyer delivered an interesting address today to the National Board of Trade, now in session in this city.

At the banquet held last night by the board Vice President Fairbanks and Speaker Cannon, the presiding officers in the two houses of congress, discussed the tariff question, both advocating a careful revision of the country's revenue laws.

"A tariff which is revised without a thorough consideration of the industrial interests of America is doomed to disastrous defeat," said Mr. Fairbanks. "I have no ungenerous thoughts toward our commercial competitors beyond the seas, but I believe in the good wholesome doctrine that 'Charity begins at home.'"

Asserting his confidence in the principles of the republican party, Speaker Cannon declared that "if we can succeed, each watching the other, in revising our revenue laws according to the best principles, we shall succeed in substantially establishing the same policy that has made the republican party solid."

"Some people say the party will go out of power as the consequence of this revision," he continued. "If so, so be it. If you make it in accordance with American policies, then we will go out of power rather than make it contrary to American principles and stay in power."

ILLINOIS SOLONS DECLARE A TRUCE

Adjourn to Next Tuesday in
Hope of Breaking the
Deadlock.

HOPKINS FORCES GAINED LITTLE

Prospect of Long and Stub-
born Contest Relieved
by a Recess.

Springfield, Ill., Jan. 21.—Hopelessly deadlock and having taken twelve fruitless ballots in joint session for United States senator, the Illinois legislature at 2 o'clock this afternoon adopted a joint resolution adjourning the legislature until next Tuesday at noon.

Meanwhile it is hoped that some way will be found to break the deadlock and permit the session to take up the regular legislative program.

The situation in general was unchanged throughout the balloting today.

The sixth joint ballot of the session and the first taken today showed no change from the five ballots taken yesterday.

Senator Hopkins gained two votes in the senate with a total of thirty-three in the upper house and one vote in the house making his combined vote 87 against 84 on the closing ballot yesterday.

Speaker Shurtleff was given one more vote, making his total 13. Foss remained stationary with 16 votes and Lawrence B. Stringer received the normal democratic vote of 76.

Before the roll call on the ballot began the speaker ordered every one not a member of the general assembly from the floor of the house.

Repeated requests for this action were made by Representatives Shanahan and Chippendale. Doorkeeper Harlan enforced the order. Insisting on the house being cleared of outsiders reference was made to the presence of congressmen and federal office holders.

With the seventh ballot the prospects for a continued deadlock increased. Hopkins received one less vote in the house and Shurtleff gained one.

Expected New Candidates.

It was expected today that new candidates would be presented in the joint ballots and Congressman W. A. Rodenberg, of East St. Louis, it was declared, would make a good showing. The Hopkins men, cheered by their caucus and agreement to "stick," went to the fray apparently with their minds made up to play a waiting game and ready to take advantage of any opening found. For hours the friends of Speaker Shurtleff have pleaded with him to take an active part in the struggle and as the time for the joint session came nearer, it was whispered that additions would be made to the twelve votes which were cast for him yesterday.

On the streets, in the hotels and through the state house today the

EARTHQUAKE RAZES 600 HOUSES NEAR SMYRNA

Phocaea Wellnigh Levelled
by Convulsion—Italy's
Great Problem.

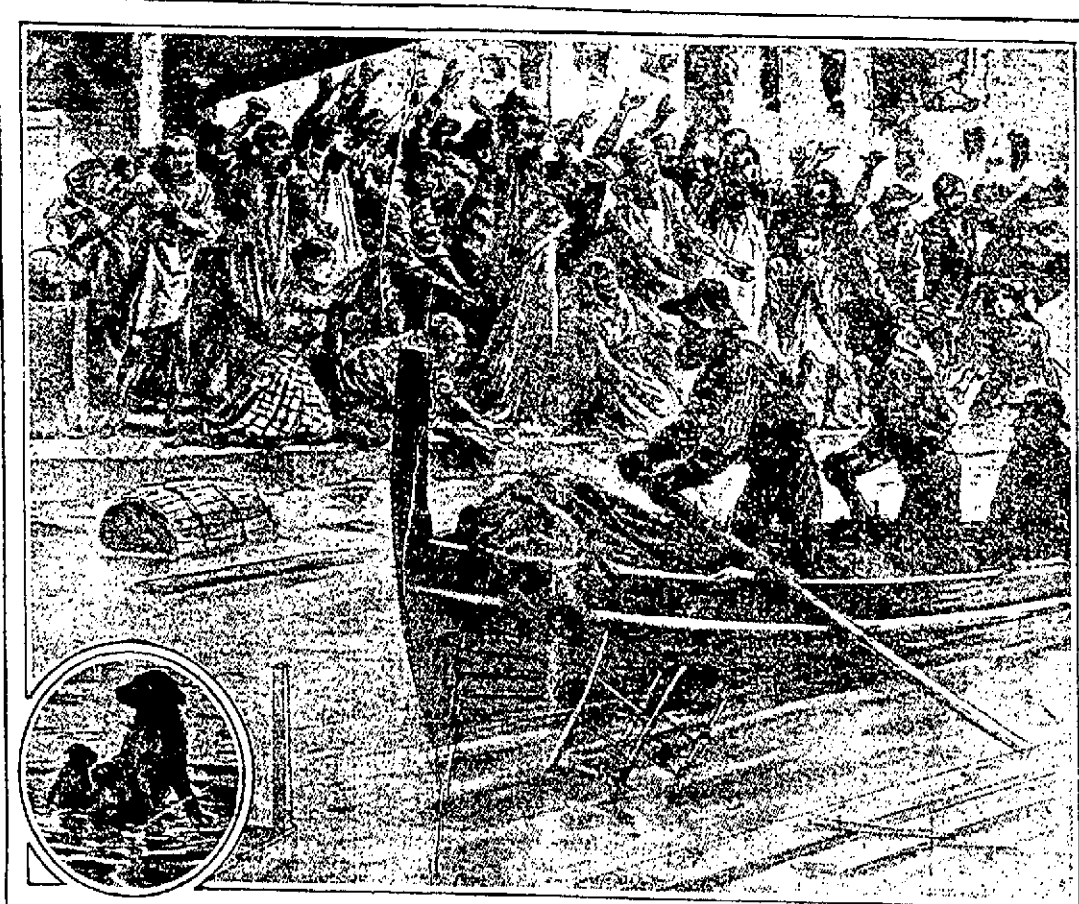

Constantinople, Jan. 21.—An official dispatch reports that more than six hundred houses were destroyed by the earthquake yesterday at Phocaea, near Smyrna. The shocks continue and the people are seeking refuge in the mountains.

The minister of the interior has been dispatched to render assistance to the sufferers.

ITALY'S GREAT PROBLEM.

Rome, Jan. 21.—Italy is confronted with a grave problem, the caring for the 200,000 persons made homeless by the earthquake of last month in Sicily and Calabria and who have dispersed not only to the interior of their native provinces, but have gone in great numbers to Naples and other of the large cities of the country. At present, it is estimated, it is costing \$100,000 a day to meet the simplest necessities of the poor, a sum which neither international charity nor the state can long continue to bear. Furthermore, the bestowal of charity is having an ill effect upon the lower classes, and many disorders are reported to result. It is strongly urged here that public works be speedily inaugurated to afford employment for those who can labor and that the bestowal of charity be restricted to those who are sick or helpless.

CITIZENS SIDE STEP JURY SERVICE IN NASHVILLE

Talesmen Reluctant to be
Chosen for the Carmack
Murder Trial.

Nashville, Tenn., Jan. 21.—With four jurors already in the box and with the court evincing every disposition to rush the selection of the remaining eight as rapidly as possible, the second day of the Cooper murder trial opened with the court room filled and the attorneys prompt at their places. Court opened promptly on time and the first talesman failing to respond was fined \$25. The second man had read the evidence. The third drew a \$25 fine for absence and then a long line of talesmen had formed an opinion that was based on reading the evidence printed in the papers.

It became evident at once that those who do not desire to serve on the jury have discovered the only sure way of escaping and are determined to use it. The judge was visibly annoyed and pressed the questions closely, but the law is mandatory and he was compelled to excuse those who claimed prejudice.

The defendants were brought in some time before court opened and held an impromptu reception, their friends gathering outside the rail to greet and encourage them.

As on yesterday, Colonel Cooper's daughter, two nieces and son-in-law were seated near him, while Sharpe's wife and father were at his side.

After an hour's effort the fifth juror was secured, J. M. Whitworth, one of the wealthiest farmers in the state.

When the name of A. Gotto was called a deputy said:

"Mr. Gotto just celebrated his one hundredth birthday anniversary yesterday and—"

"I presume he isn't over it yet," remarked the court. "We will excuse the young man."

At noon the attorneys for both sides asked for a conference and court adjourned until 1:30. The court urged that all jurors be on hand on time.

GERMAN TRADE FIGURES.

Berlin, Jan. 21.—The export and import trade of Germany for 1908, according to estimates based on the prevailing prices of 1907, amounted to \$2,184,500,000 in imports, which is a decrease of \$66,250,000 from the 1907 figures, and to \$1,791,250,000 in exports, a decrease of \$64,750,000. Precious metals are included in these figures. The final official figures will reduce these totals considerably.

THREE FATALLY BURNED.

Johnstown, Pa., Jan. 21.—Four children were burned, three of them fatally, today when one of them ignited three kegs of powder at Stoughton, near here. All of the children, who were foreigners, were terribly mutilated, two of them having their eyes burned out.

PHILIPPINE VOLCANO ACTIVE.

Manila, Jan. 21.—A dispatch from Lucena, in the Tayabas province, tonight confirms the report of a volcanic disturbance there and states that the greatest damage was done by inundation due to letting loose the waters of a mountain lake. The explosions in Yagnas volcano continue.

TENNESSEE HITS DISTILLERIES OF STATE

Bill to Prohibit Manufacture
of Intoxicants Will be
Passed.

Nashville, Tenn., Jan. 21.—The bill to abolish the manufacture of intoxicating liquors in this state came up for final action in the house today. The measure having passed final reading in the senate. The house substituted the senate bill as adopted. An amendment was adopted making the time limit January 1, 1910. It will probably be several hours before a vote is reached. Should the house pass the bill it is understood the governor will veto it.

Over the veto of Governor Patterson both houses of the legislature yesterday passed the senate bill No. 1, which prohibits the sale of intoxicating liquors within four miles of a schoolhouse in Tennessee, and is in effect a state-wide prohibition act. It is effective July 1, 1909. The vote in the senate stood 20 to 13, the same as on original passage. The vote of the house stood 61 to 36, the original vote there having been 62 to 37. In each house the measure was effected through a combination of republican and "state-wide" democratic strength.

The action of the legislature practically brings to a close one of the bitterest political fights in the history of Tennessee. State-wide prohibition was the main issue in the recent contest between Governor Patterson and the late E. W. Carmack for the democratic gubernatorial nomination.

TURKS ARE SET FREE.

Members of Liberty League Not to Be Tried.

Constantinople, Jan. 21.—The members of a local political club called Fedakiarans, which means "self-sacrifice for the fatherland," who were arrested January 12 charged with planning a demonstration hostile to the government, were set at liberty Tuesday. The charges against them are declared to have been trumped up for political purposes, and a certain reactionary proclamation alleged to have been issued by the club has been pronounced a forgery. This occurrence is the origin of the report of a conspiracy against the constitutional regime in Turkey sent out from Constantinople yesterday.

ALFONSO HONORS HELENA.

Madrid, Jan. 21.—King Alfonso today sent a decree conferring upon Queen Helena, of Italy, the Grand Cross of the Order of Beneficence in recognition of her labors in behalf of the survivors of the Italian earthquake.

MILLIONAIRE IS DEAD.

Colorado Springs, Colo., Jan. 21.—Charles L. Tutt, millionaire mining man and smelter magnate of this city, is dead in New York city, according to a message received here today. Death was due to heart disease.

TO HONOR AMERICAN ADMIRAL.

Marseilles, Jan. 21.—The prefect of the department of Bouches du Rhone will give a banquet Saturday night in honor of Rear Admiral Richard Wainwright, commander of the second division of the American Atlantic fleet, and other officers of the battleships.

CORONER WILL TAKE UP SCOTT CASE IN WEEK

Has Two More Witnesses
to Examine Before
Finding Verdict.

Coroner A. J. Kesler will not make any further examination of witnesses in the shooting of Walter Thornton until next week and then he will have a couple of witnesses to secure testimony from before he will be ready to return a verdict.

The investigation thus far has developed little that has not been made public and the coroner will probably say in his finding that Thornton died from gunshot wounds inflicted by Scott and let it go at that.

Prosecutor Thomas and Chief Ankenbruck, of the police department, went to the saloon building at Harrison and Main streets, late yesterday afternoon and made an examination of the premises and both stated today there had been no developments.

Scott, his wife and Anna Strauss are still in jail and all will likely remain there for a good long term, unless the two women arrange for bond. There will be no session of the grand jury until the February term of the court and several months will elapse before a trial can be had, as the state has the John Baker trial to dispose of before another homicide case can be taken up.

The prisoner was not arraigned this morning and the prosecutor does not know when there will be a preliminary hearing. If one is demanded Kenneth Swift, the bar tender, will be put on the stand and his testimony will show that Scott shot and killed Thornton and this will be sufficient to hold him to a higher court.

NOT IN LEAGUE WITH CASTRO.

Denial Made in Behalf of New President of Venezuela.

The Hague, Jan. 21.—Certain allegations recently published in Paris to the effect that there existed a secret understanding between Juan Vicente Gomez, president of Venezuela, and Cipriano Castro, his predecessor, who is now in Berlin, aroused suspicion here, and Jose de Jesus Paul, the special commissioner of President Gomez to the states of Europe, was questioned on the subject today. He promptly gave out a formal denial. The development in Caracas since the advent of President Gomez, he declared, demonstrated the absurdity of the story. He said the fact that numerous Venezuelan exiles expelled by Castro already had returned and established themselves as political factors at Caracas precluded the possibility of Castro's return, and he called attention to the flight into Colombia of Castro's brother, who had been the former president's mainstay as commander in chief of the Venezuelan army.

PROBING LAND DEAL.

Hastings, Mich., Jan. 21.—Sixteen citizens of Hastings, including the circuit judge and prosecuting attorney, have been summoned by subpoena to Oklahoma to give testimony in regard to land deals in which Walton R. Eaton, secretary to Governor Haskell, and a former resident of this city, is alleged to be concerned. It is alleged that the sixteen persons subpoenaed received deeds to certain lands in Oklahoma and that the title was afterward converted to Eaton.

COX BILL GIVEN FAVOR IN SENATE

Committee Reports Com-
pulsory Voting Bill
With Approval.

STRICT MEASURE FOR PURE POLITICS

Flood of Bills Pours in Up-
on the House—The
Legislature.

Indianapolis, Jan. 21.—The compulsory voting bill introduced by Mr. Cox was reported favorably in the senate of the Indiana legislature today. The measure is extremely drastic in character and is designed to prevent much of the corruption that now prevails in this state.

THE DAY IN THE LEGISLATURE.

Indianapolis, Jan. 21.—Fifty-one bills were introduced in the state house of representatives when the bars were let down this morning. It was the third roll call for bills in the house. Many representatives evaded the rule prohibiting one member from introducing more than two bills the same day, by having their fellows present their measures. Both houses adjourned at noon until 10 o'clock tomorrow morning.

The senate today passed the bill legalizing bank assessments for taxation of private banks between 1891 and 1895. The bill was vetoed by Governor Hanly after the last session and was brought up in the senate on special orders. There were but two dissenting votes, those of Senators Hanke and Parks, both democrats.

Reapportionment Bill.

Senator Springer introduced the republican reapportionment measure in the senate today. This bill will be followed by a democratic bill and will, it is expected, cause the greatest cash of the session. Senator Halleck introduced the bill for an additional judge at Hammond to relieve crowded court conditions in Lake county. The other side of this contention was represented by the Bowser bill for a superior court at Gary. The committee on courts today made favorable report on the Bowser bill.

Other bills of note introduced in the senate today were those of Senator Wood, preventing the relating of life insurance premiums and of Senator Strange, preventing frauds in the sale of fuel. This bill prohibits the sale of coal containing slate and of coal oil which is adulterated.

Compulsory Voting Bill.

The senate committee on elections reported the Cox compulsory voting bill for passage. A favorable report was made by the committee on military affairs on the Grube bill establishing a naval militia in Indiana. The committee on constitutional amendment recommended that the Hawkins resolution, exempting personal property to the extent of \$300 from taxation, could not be passed this session as there is already one proposed amendment before the people.

Two bills regulating the liquor traffic were presented in the house today. Representative Wells has a measure to prevent the sale of the so-called "near beers." The bill requires that all beverages containing over one half of one per cent of alcohol shall come under the provisions of the liquor law.

HOPE HOSPITAL TO BE IMPROVED FURTHER

A Water-Softening System
and Other Equipment
to be Added.

Preparations are now under way for additional improvements at Hope hospital, and the first of these will be a water-softening system which will not only supply the laundry, but give soft water in the bath rooms all over the institution.

Another project now being revived is that of an addition which will provide a dormitory for the nurses. More than a year ago this was under consideration, but it was temporarily abandoned when the financial stringency became apparent.

"Hope hospital ranks very high for the excellence of its nursing and medical and surgical care of patients," said President George W. Boers today, "and we are seeking to bring the building and its equipment fully up to its professional rank."

Miss Mabel K. Adams, the new superintendent and principal of the training school, is taking hold of the work in a manner highly pleasing both to the hospital authorities and to the physicians who have patients at the institution.

DEMOCRATS PLAN TO GET OFFICES

State Committee Meets to
Discuss Contests for
State Berths.

GOVERNOR MAY GIVE THEM COMMISSIONS

Demand for Offices Will
Then Force Issue Into
the Courts.

Indianapolis, Jan. 21.—The democratic state committee in answer to a call from State Chairman Jackson met today to discuss the question of the candidates for the state offices making a further contest for their places on the ground that they were legally elected.

Before the meeting it was impossible to ascertain what would be done because there is a difference of opinion among the candidates. They all realize that with the republicans in a majority in the senate it would be hard to make much headway.

What the Plan May Be.

The democrats believe that the proper plan would be for Governor Marshall to issue commissions to the democrats who make claim that they were elected and on these commissions the demand would be made for the offices. The demand, of course, will be refused and then the question of the right to the offices will get into the courts, and the democrats assert they will be able to show up such a condition of affairs that two years from now they can go before the people with the information of fraud and corruption and win out at the election. This plan, however, had not been agreed on before the meeting was held today, but it seemed to be the idea of a number of the candidates and a majority of the members of the state committee.

ANGOLA IS SENDING COMMITTEE TO MEETING

Public Invited to Attend the
Commercial Club Ses-
sion Tonight.

So general has become the interest in the meeting of the Fort Wayne Commercial club this evening, at which Judge Robert S. Taylor and Samuel M. Foster will talk upon the coming tariff commission convention to be held at Indianapolis, that it has been determined to invite the general public to attend the meeting, and all who care to do so will be welcome.

Secretary Hanna has been advised that Angola will send a committee from its Commercial club to attend the meeting, the delegation including G. W. McBride, Hon. O. Carver and Congressman-elect Cline. Auburn will also be represented at the meeting.

During the evening the club will elect nine delegates to the Indianapolis convention.

SCHOONER ASHORE.

Santa Barbara, Cal., Jan. 21.—A three masted schooner, name unknown, went ashore about midnight, eighteen miles north of here, near Naples. She is lying within 150 feet of the breakers. It is not yet known whether the crew is safe.

KILLED BY HIS WIFE.

Ironton, Ohio, Jan. 21.—During a family quarrel today James Taylor was shot and instantly killed by his wife. It is said he attacked her with a butcher knife because she refused to give him the revolver with which the shooting was done.

BELIEVE MAN WAS MURDERED.

Chicago, Jan. 21.—T. E. Smith, a street car motorman, employed by the Chicago City Railway company, was found dead on the north approach of the Dearborn avenue viaduct today. The man's neck was broken, as was also his nose, and a deep abrasion was found on his forehead. His trousers' pockets were turned inside out. Police are of the opinion that the man was murdered.

FLOODS IN CALIFORNIA.

Stockton, Cal., Jan. 21.—At Angels Camp last night a cloudburst washed out nine houses, killed one Chinaman and left part of the town under water. At Farmington the water is higher than before the big flood of two years ago. The water is very high and rising at Linden. The San Joaquin is rising over an inch an hour. Nearly two inches of rain fell here last night.

MRS. NANCY REDDING, AGE 87, DIES AT ZANESVILLE

Pioneer Woman Came There at an Early Day—
Other Deaths.

Mrs. Nancy Redding, 87 years of age, died at 2 o'clock this morning at her home east of Zanesville, on the Allen-Wells county line, and her death removes a pioneer who came to this locality more than sixty-five years ago. She had been in frail health since thirteen years ago, when she sustained a stroke of paralysis. This left her practically speechless, and during all the succeeding years she was never able to carry on a conversation—her power of speech being limited to the mere utterance of an occasional single word.

Mrs. Redding was the widow of George Redding, whose death occurred twenty years ago. She was born in Rush county, locating near Zanesville soon after her marriage, and was a pioneer member of the Baptist church. She was the mother of eleven children, seven of whom survive. They are William Redding, of Lafayette; Joseph Redding, of Huntington; Joshua Redding, of Zanesville; Miss Jane Redding, at the old family home; Alfred M. Redding, of Roanoke; Mrs. Sarah Harlan, of Markle; and Elms Redding, of Fort Wayne. There are forty-two grandchildren, among whom is President L. D. Redding, of the Fort Wayne Federation of Labor.

MRS. NANCY REDDING, AGE 87, DIES AT ZANESVILLE

Funeral services Saturday morning from the Uniontown church.

BIRBECK.
Mrs. Mae Birbeck, wife of William D. Birbeck, died late Wednesday afternoon at the home of her parents, Mr. and Mrs. Thomas Williams, 814 Eliza street, from a complication of diseases.

Mrs. Birbeck was 30 years of age and was born in Wales, but came with her parents to Fort Wayne when but 11 years of age. She had been an active member of the First Baptist church since girlhood. Surviving relatives include the husband, who is a draughtsman at the Kerr Murray works, a daughter seven months old, the parents, two sisters and three brothers—Mrs. William A. Braun, Miss Elylow Williams, Arthur, Fred and Wayne Williams.

Funeral services Sunday afternoon at 1:30 from the residence and at 2 o'clock from the First Baptist church.

ECKLEY.
Mrs. Eliza Eckley, 82 years of age and a pioneer resident of Allen county, died Wednesday evening at the home of her grandson, Edward J. Gaffie, at Fifth and Wells streets. Death came as the termination of a long illness and for seven years the aged woman had been bedfast.

Mrs. Eckley was the widow of a veteran soldier who died at Atlanta, Ga., from disease contracted while with General Sherman on the famous march to the sea. She was born in Pennsylvania, came to Indiana nearly seventy years ago and lived at Monroeville until thirty years ago, when she came to Fort Wayne to make her home with relatives. She was a member of Trinity English Lutheran church. Surviving relatives include one daughter, Mrs. L. H. Taylor, of Antigo, Wis., and the following grandchildren in Fort Wayne: Edward J. Gaffie, George W. Gaffie, Mrs. Paul Harris and Miss Emma Gaffie. There are also three great grandchildren.

Funeral services Friday afternoon at 2 o'clock from the residence of Charles Gaffie, 424 Fairmount place, Rev. S. Wagenhals officiating.

NAHRWALD.
Johanna Nahrwald, infant daughter of Mr. and Mrs. Dietrich Nahrwald, 1307 Eliza street, died at 4 o'clock this morning at the age of two days.

Funeral services were held this afternoon.

FUNERAL NOTICES.
Shober.—Funeral services of Oscar L. Shober will be held Friday afternoon at 2 o'clock from the residence, 610 West Fourth street, under the auspices of the Order of Railway Conductors. Rev. Frank M. Fox will officiate.

CURIOUS CASE IS DECIDED.
Married Couple With Negro Blood Forbidden to Live Together.

Richmond, Va., Jan. 21.—In the sentencing at Farmville, this state, yesterday, of Marcus Lindsay and his wife, a negro, to serve eighteen years in the penitentiary, one of the most unique cases in the history of the state has developed. Lindsay is the son of a white woman, and although he believed he had negro blood in his veins and associated with members of that race, the court held that he had enough Caucasian blood to be legally white. Lindsay recently was married to Sophy Jones, a negro, the widow of another negro, and has since lived with her. The two were indicted on the ground that Lindsay is a white man who married a negro and because Sophy married a white man, being a negro, the law prohibiting intermarriages between the races. The judge declared, however, that while he was forced to pronounce sentence, he would petition the governor to pardon the prisoners, but upon condition that all marital relations between them should cease.

ILLINOIS SOLONS DECLARE A TRUCE

(Continued from Page One.)
deadlock was a topic of absorbing interest. Short sessions of the two houses were arranged to precede the balloting at noon.

The Outlook Was Poor.
Little outlook for a speedy break in the senatorial deadlock was seen today when the legislature took their seats in the short sessions which preceded the joint balloting. The general impression was that the sixth ballot would show little change from yesterday's conditions and that new candidates would receive scattering votes in later ballots.

Prior to the joint session many conferences were held by the leaders of the different camps with their supporters. The Hopkins forces declared their confidence in the ultimate election of the senator from Illinois county, and the anti-Hopkins men were just as confident that he would not be the final choice of the general assembly. It was asserted that the agreement signed by some of the Hopkins men last night directing their support for the junior senator from Illinois as circulated among the senators and representatives who have not signed at the caucus.

It was rumored that three senators had added their names to the agreement before the joint session was called at once.

COX BILL GIVEN FAVOR IN SENATE

laws. Representative Hostetter presented a bill to suspend the license of liquor dealers for the first offense against the laws and to revoke the license on the second offense.

Mr. Wells Has Insurance Bill.
Wells also introduced a bill to prevent rebates of life insurance premiums. The bill is similar to that introduced by Senator Wood.

Representative Garrard introduced a house utilities bill placing public service corporations under control of the railroad commission. The Garrard bill is modeled after the Wisconsin law.

A bill to prevent the use of cans in carrying powder to mines was presented by Representative Moss. The bill requires the use of a special device and forbids the opening of powder cans with picks.

Representative Moss also introduced a bill to prevent the sale of impure milk.

Important Measures.
Other bills of importance introduced in the house were bills to guarantee bank deposits, by Galbraith; to raise the per capita appropriation for soldiers in the Lafayette home from \$12.50 to \$16, by Hagard; to erect five shafts to Indiana soldiers at Antietam, by Schroeder; to license engineers, by Hewig; to equip all trains with medical supplies, by Hays; to ventilate the state capitol building, by Stahl; to publish delinquent tax lists in daily and not weekly papers; by Shirley, and to license all life insurance agents, by Stahl.

Speaker Honan introduced Mrs. Hilary Bacon, of Evansville, who addressed the house and senate on the tenement house measure introduced by Representative McGinniss.

Before adjournment the house passed the resolution for a constitutional amendment to require a diploma for admission to the bar. This will be put to a vote in the next election.

TAKING TESTIMONY IN PANAMA LIBEL AFFAIR

Witnesses Examined by New York Grand Jury—
Nothing in Washington.

New York, Jan. 21.—Several witnesses appeared today before the federal grand jury which is investigating the charges of criminal libel against the New York World, growing out of its criticisms of the Panama Canal purchase.

James Cragin, a writer for magazines, was the first witness called and he was followed in the jury room by A. G. Ryan, formerly connected with the Boston American. Ryan was subpoenaed under the name of Rowsey, which name he had signed to newspaper articles.

It was reported today that Charles P. Taft would appear as a witness before a special grand jury of New York county which, under the direction of District Attorney Jerome, is expected to begin an inquiry to ascertain whether criminal libel had been committed against an individual in this state.

At the afternoon session the grand jury had before it Daniel and Thomas Cochran, William B. Lempey and William Gull, all of the World's mailing department.

John Hammond, one of the five World employees the validity of whose subpoenas were contested, appeared this afternoon and explained his failure to answer a previous call to the jury room by citing the court proceedings for the quashing of his subpoena. He was served to appear again on January 25.

NO GRAND JURY TODAY.
Washington, Jan. 21.—Although the grand jury was not in session today owing to some pressing business in court requiring the attention of District Attorney Baker, his assistants as well as the department of justice officials were active in preparing for the examination of other witnesses tomorrow in the Panama canal purchase libel investigation. Just who these will be would not be discussed, and the case continues to be one of complete mystery insofar as who the defendants in the case will be. It is said that the discovery yesterday that the Indianapolis News is not a corporation, but a private ownership, puts a different phase upon the inquiry affecting that publication, and this is borne out by the fact that although books and papers were called for they were not presented to the grand jury.

The impression remains strong that an indictment will be returned from this jurisdiction, but all efforts to obtain any information either from the district attorney's office or from the department of justice were in vain.

LEAGUE APPEALS IN LIQUOR LICENSE CASES

Fight Will Be Made by Anti-Saloon Forces—The Courts.

Appeals were filed in the circuit court today by James E. Graham, representing the Indiana Anti-Saloon league, from the decision of the county commissioners in granting liquor licenses to C. F. Gladieux, William J. Beauchot, Frank J. Gerardot and Herman H. Hockemeyer, of Jefferson township.

Mr. Graham announced at the time of the finding of the board that the league would seek to reverse the decisions in the circuit court and an appeal bond was filed. The township had been dry for two years until a month ago when the four men made application for licenses. A remonstrance had been filed on the strength of powers of attorney obtained to file the original, but it was found that a number of voters had moved out of the township and that the remonstrance did not contain a majority of the names of the legal voters at the last preceding election, which was held last November.

Decree Was Granted.
In the superior court Genevieve Needham was granted a decree of divorce from Arthur F. Needham and her maiden name of Rowe was restored to her. Her husband left her in less than a year of married life and went upon the vaudeville stage as a member of a quartet and failed to support her.

Davies Makes Settlement.
Elmer Davies, arrested at the Fort Wayne Electric works a few days ago on a paternity charge filed by Miss Riff at Decatur, compromised the action by the payment of \$370. He was represented by County Attorney Edward G. Hoffman.

In the absence of Rabbi Ettelson, who is in Philadelphia, attending the convention of the Union of American Hebrew congregations, Mr. Sam Mesing will conduct services at the Hebrew temple tomorrow, Friday evening.

Mrs. Henry C. Hille underwent an operation at the Lutheran hospital this morning.

HOUSE CUTS OUT AUTOMOBILES FOR TAFT

Benzine Buggies Stricken from the Deficiency Bill.

Washington, Jan. 21.—The urgency deficiency appropriation bill was reported to the senate today from the committee on appropriations. It carries \$1,511,002, an increase of only \$25,000 over the amount of the bill as it was passed by the house. The committee struck out the house provision for an appropriation of \$12,000 for the purchase of automobiles for the use of the president, which was included in expressed wish of President-elect Taft, who prefers the auto to the horse.

IN THE SENATE.
Washington, Jan. 21.—The senate today voted to increase from \$2,000 to \$10,000 a year the salaries of the twenty-nine circuit court judges of the country. Senator Bailey declared the states which pay highest salaries for judges generally have the poorest judges.

During the discussion Senator Bailey said that as a rule the president went to the corporations for recommendations for the appointment of federal judges. Senator Tillman declared that some of the judges were on the pay rolls of the corporations.

FIND CLIQUES IN PRINT SHOP.
Washington, Jan. 21.—In an investigation of objections filed with the senate against the confirmation of Samuel B. Donnelly, as public printer, the members of the senate committee on printing have discovered what appears to be a revival of the old "Wabneta" and "Kickapoo" cliques within the ranks of the labor unions at the great printing establishment. These forces threatened to take part in the dispute which has been waged between employees of the printing office for a number of years to the great annoyance of the public printer.

Members of the senate committee have determined not to take cognizance of the operations of these cliques and have decided to again report the Donnelly nomination to the senate, with a recommendation that it be confirmed.

JAP ISSUE DISCUSSED.
Washington, Jan. 21.—The Japan legislation question in California was discussed at conferences today between President Roosevelt and Senators Flint and Fulton and others. The president urged the necessity of California's congressional delegation using their influence as fully as possible against legislation that may be presented by Japan.

HOUSE TO INVITE CONGRESS.
Washington, Jan. 21.—The house committee on foreign affairs has reported favorably a resolution introduced by Representative Moore, of Pennsylvania, authorizing the secretary of state to invite the permanent international association of navigation congresses, of which the United States is a contributing member, to hold the twelfth international congress in the United States.

No appropriation is asked for as the total expense of entertaining the delegates is borne by the city in which the congress is held.

The resolution calls for the holding of the congress at Philadelphia. Its purpose is to bring representatives of the various governments together to discuss questions connected with inland or maritime navigation in their relation to commercial and industrial enterprises.

Official statistics issued in Berlin show that 9,327 young men were condemned and punished during 1907 for attempting to evade compulsory military service.

DEAD IN CRIB FIRE MAY EXCEED 100

(Continued from Page One.)
dies the shock of gazing on the awful spectacle.

"There is no hope of knowing father, son or brother," said Coroner Hoffman, as he began the work of securing a jury to visit the scene of the holocaust.

In the lake the tug Morford continued its search among the ice floes for bodies of any who may have been drowned.

Some May Be Living in Tunnel.
Efforts were resumed at day-break today to ascertain whether or not any workmen were still living in the shaft beneath the crib a mile and a half out in the lake, where fifty or more men were killed yesterday.

Shortly after the fire, which burned the temporary crib structure and compelled the workmen who were not trapped by the flames to jump into the lake and try to float on blocks of ice, it was discovered that the smoke had descended into the shaft and had suffocated several men, but the hope was still sustained today that the smoke perhaps did not penetrate far into the shaft. All the air pumps were kept working and it was believed that some men would be found still living.

Complete List Now Impossible.
George W. Jackson, of the construction company, which built the crib, today informed the coroner it would be impossible for several days to give a complete list of the dead. Many of the workmen had the choice of remaining at the crib and having their food furnished by the company, instead of going home every night. Whether or not many of the men were taking advantage of this arrangement at the time of the fire can only be learned by application to their homes. As it will be impossible to identify more than a few of the dead, it is probable that a single funeral will be held for all of them. The interment will be at the same cemetery and probably a single tombstone commemorating the tragedy will serve for all.

A meeting of South Chicago undertakers was held today and it was agreed to hold a single funeral for all the victims and to bury them in one big lot with a single monument. A meeting of friends and relatives of the victims was held this afternoon. Next Friday morning a special mass will be read in all South Chicago Catholic churches by order of Arch Bishop Quigley.

CLASS WORK STARTED.
Fort Wayne Society of Art Begins Activities.

The first formal meeting of the Fort Wayne Society of Art for class work was held on Wednesday evening at the studio in the Saengerbund building. There was an excellent attendance and considerable enthusiasm was manifested in the work. The majority of the students have studied art to some extent, but nevertheless beginners are also received. Two new members were admitted at the evening meeting. The privilege of being charter members may be enjoyed by those who enter the class within the month, Arthur E. Pope, the director and instructor of the society is much gratified with the co-operation and activity on the part of the members. Several of the young men of the class have started the study of mechanical drawing and applications from interested new members have been received. Many of the class are pursuing life work. Carving, magazine illustrating and work in water colors will also be pursued.

Four candidates will be taken into Lodge No. 116, Knights of Pythias, this evening.

Rev. William Danforth, of Chicago, was in the city last evening for the purpose of calling upon Gustave Frohman, who was here with the Marie Doro company, of which he is the manager.

BEHOLDS A RAMPANT COMMERCIALISM IN NATION

Prof. Foss Puts Over Some
Warm Ones at State
University.

Bloomington, Ind., Jan. 21.—The
99th anniversary of the founding of
Indiana university was celebrated
here yesterday with appropriate exer-
cises.

The hotels are crowded with alumni
who are here attending the affair. The
exercises were held in the men's gym-
nasium and were presided over by
President William Lowe Bryan.

The principal address was given by
Prof. E. A. Ross of the University of
Wisconsin, whose subject was "Rampant
Commercialism."

Berates Commercialism.
He spoke in part as follows:
"Business men are coming to domi-
nate the country. No party can win
without their favor. They finance
philanthropy, constitute the pillars of
the church and support colleges. They
include, moreover, so many powerful
and masterful men that their ideas
tend to become the reigning ideals of
the community. In Europe there is an
aristocratic class subordinating busi-
ness to living, and their humanistic
appreciation of things leeches down

and influences the general communi-
ty. Hence, the profits motive there
is more confined to the business ele-
ment and does not dominate, as it
does here, in nearly all sections save
the south.

"One of these is the waste of natu-
ral resources. How we riot in
natural gas. In coal mining more
coal has been wasted than has been
used. Our petroleum is being pro-
jected to the four corners of the earth
as fast as business genius can do it.
Forty years ago the nation bought
Alaska and then invited individuals
to come in and scoop out the pulp.
The result has been the practical dis-
appearance of the sea otter, the
dwindling of the seal herd, and the
impoverishment of the salmon rivers.

No Regard to Life and Limb.
"Business is allowed to drive ahead
with less regard to life and limb than
in other advanced countries. An-
nually our railroads kill in round num-
bers ten thousand and hurt a hundred
thousand. We are assured that half
these losses are preventable. It is
calculated that five hundred and thirty-
six thousand of our workers are
killed or maimed per annum. Ours
is the only important country that has
not accelerated the adoption of safety
devices by guaranteeing to workmen
compensation for accidents.

The sources of our emigration have
changed from northwestern to south-
eastern Europe and we are being di-
luted with multitudes that lack both
the mental capacity and the force of
character that are the birthright of
native Americans. Who wants these
hordes? Not labor, whom it displaces;
not the farmers, not the clerical and
professional classes; it is business, the
mine owner, the mill owner, the con-
tractor, the railway people; the
steamship companies—that
blocks restrictions, and so mars
a race future for the sake of cheap
labor or a full steerage.

"The counter forces to commercial-
ism lie in the common sense and con-
science of a non-commercial public.
The movement against the sacrifice
of public health, safety or truth in
the name of business is gathering
headway and will ultimately prevail."

RIVER QUESTION DISCUSSED.
Matter is Taken Up at Meeting of
County and City Officials.

Following a meeting of the county
commissioners and Mayor Hoesey,
called yesterday afternoon for the pur-
pose of discussing the suspension of
the license of John B. Scott, the of-
ficials took up the question of changing
the channel of St. Mary's river and if
the laws on the subject are not ade-
quate to take care of the situation in
Fort Wayne a bill will be drafted and
sent to the legislature for passage.

City Attorney Guy Colerick and
County Attorney E. G. Hoffman will
look into the law. At least two citi-
zens are claiming land that has long
been regarded as the river bed and as

the placing of obstructions adds to
the danger of floods other property
owners are protesting against the
claim of useless land to the point of
endangering desirable property.

Both the commissioners and the
board of public works have been cal-
led into this matter and it is intended
to beautify the banks of the streams
in case it is decided that the city and

county have any rights in the matter.
The board of public works decided
yesterday to hear remonstrances Mon-
day afternoon against taking the
Bloomington light tower from the
school yard. The members of the
school board will be present and if
they insist on the removal the city
officials will be up against a proposi-
tion that will require some figuring.

COUNTY OPTION MAY STAND.

Word from Indianapolis is of a sort to give encouragement to the friends of the county option law. Republican members of the senate who have been counted upon to vote for repeal of that measure it now transpires are not so distinctly hostile to the measure as they have been reported. Senator Wood, of Lafayette, much touted as being ready to vote for repeal of the law, says that he will on no account vote to do that except there be a high license law enacted and that he will have nothing to do with a repeal bill that purports to substitute for the law now in force an act providing for township and ward option as proposed in the last platform of the Indiana democrats.

It is therefore considered very doubtful if any attempt to repeal the county option law can succeed. Moreover, aside from uncertainty as to the attitude of republican senators reported as friendly to a repeal measure, there are several democratic members who are believed to be so far opposed to repeal that in the crucial test they will stand in support of the county law.

In this connection the views of Hon. Samuel M. Ralston, of Lebanon, are of great interest. Mr. Ralston warns his party that to repeal the law practically without trial will be a grave mistake. He says, in uttering his word of caution:

"I would not want to predict the consequences if the people are not afforded an opportunity to give the county option law a fair trial. I have not changed my opinion that from a governmental viewpoint, the city or

the township should be the unit, but since the people now have a law making the county the unit they should be allowed ample time to test it. I hope the democratic legislators will not blunder on this question."

Mr. Ralston was the leading candidate for governor in the earlier ballots at the last democratic state convention. He is one of the foremost and ablest democrats in the state. The position was ascribed to him of being the "brewery candidate" for the nomination, an imputation that doubtless did him great injustice. But he was in the campaign opposed to county option and made effective speeches against it. And while he has not changed his views, as he says, he holds that it would be a blunder for the democrats in the legislature to incontinently repeal a law which the people of the state have had no opportunity to submit to a fair test. Mr. Ralston states the view this newspaper has repeatedly expressed since repeal of the county option law has been broached. The people will not be patient with any such attempt.

The Tennessee legislature has passed the anti-saloon law over the governor's veto and today will complete its temperance program by passing a supplementary law prohibiting the manufacture of intoxicating liquor within the jurisdiction of the state. Tennessee distilling industry is of considerable importance in point of magnitude and a statute outlawing the business in that state may well cause surprise. Moonshining in the mountain regions will go on as it always has, but the federal government's effort to prevent illicit distilleries from operating will be supplemented by the zeal of the state to enforce the new law.

The report that a quarter of a million Italians rendered destitute and homeless by the earthquake are headed or preparing to head for the United States should be ample warning to the immigration authorities to get busy. Out of such a mixed horde the percentage of undesirables is bound to be large and the more so since a very great number of them will come from Sicily. Two hundred and fifty thousand such immigrants poured at once into the maw of citizenship will be very well calculated to give the country a stomach ache.

Take it all back: Every one of Fort Wayne's two hundred and odd saloons is a model of good order, obedience to the laws and beneficent operation. Their proprietors to the last man of them are perfectionists of deportment, the embodiment of exalted character, the practitioners of every benevolence and the high and chaste exemplars of the whole seven chief virtues.

It must be a great disappointment to Congressman Willett to find that in one vital instance his gargoyle has turned out to be a sphinx. The hot stuff of the house is denied even the distinction of barest notice.

A nuisance of itinerant peddlers, of street fakirs, of beggars, of chronic vagrants and ragtag and bobtail ele-

ments of humanity that under the administration of Mayor Berghoff was pretty nearly abated, under the present administration of the city has assumed proportions and special forms doubtless never before known here.

Nevertheless, there are perhaps a few saloons that Fort Wayne could get along just as well without.

BURIAL AT LINDENWOOD.

Funeral Services for C. W. Thornton, Victim of Scott's Bullet.

Funeral services for C. Walter Thornton, who was shot to death by J. B. Scott in the latter's saloon at Main and Harrison streets, Monday evening, were held privately this morning from the Klabn & Melching undertaking rooms. Rev. J. A. Daly, of Bethany Presbyterian church, conducted the simple service in the presence of a little company of friends, which included the widow of the murdered man, her parents, Mr. and Mrs. C. W. Sheets, of Huntington county, their three sons and one or two other friends. None of Thornton's relatives from Terre Haute were present. The remains were interred at Lindenwood.

APPOINTED BY GOVERNOR.

S. M. Foster is Delegate to Tariff Commission Convention.

Samuel M. Foster, of this city, has been appointed by Governor Marshall as the delegate from the Twelfth congressional district to the national tariff convention to be held at Indianapolis in February, and Mr. Foster has sent his acceptance of the honor.

The work of the proposed tariff commission will be the topic for discussion at a meeting of the Commercial club this evening, the speakers being Judge Robert S. Taylor and Mr. Foster. It is in no sense a tariff discussion, but rather a suggestion as to how the creation of the commission might be brought about and how it might accomplish the most beneficial work.

Captain Armstrong is doing a great phenology act at the south depot. He hits the characteristic points pretty well and makes considerable money. Marriage licenses have been issued to Spencer H. Center and Julia Behr; James Hartnett and Maggie Petgen; Patrick McCarthy and Catherine Daily.

The Baptist church was crowded yesterday morning to witness nine immersions. Among those received into the church were Mrs. Mason Long.

Bluffton Herald: "Fort Wayne, though a town where beer is more respected than Adam's ale, has gotten terribly religious all at once. They

President W. F. Yocum, of the M. E. college here, will probably resign his trust to take charge of the principal preparatory department of De Pauw university.

The council meets tomorrow night. Nothing important comes up save an ordinance by John Mohr, Jr., to adopt sun time in this city. The high license ordinance may come up, but it is doubtful, as the saloon men have dropped on themselves.

Electric Talks

No. 11

Figures are certainly against us if for an instant we are prone to think Fort Wayne has well-lighted OR EVEN TOLERABLY-LIGHTED streets.

Fort Wayne is a busy town, typical of the Indiana and middle west manufacturing center.

Is there any reason why such a city of ours should not keep step in civic progress—which certainly includes electric-lighted streets—with

Like Manufacturing Centers In the East and South?

Let us take note of what some of the best-known of such cities are doing in street illumination. For instance:

LOWELL, Massachusetts, with a population of 95,173, has 535 arc street lamps of just double the power of our own, or 4,000 candle power each. This would be the equivalent of 1,070 arc lamps of the Fort Wayne type.

A like supply in proportion to our population would give Fort Wayne 704 arc lamps.

But in addition to its arc lights Lowell's streets and alleys have some 600 incandescents of 25 and 40 candle power. An equivalent in Fort Wayne would mean 692 incandescents.

RICHMOND, Virginia, steadily coming forward industrially in the Old Dominion, has a population of 87,246, and its streets are lighted by 1,132 arc lamps. This gives the city one 2,000 candle power arc to every 77 persons.

Such an equipment would mean, in place of Fort Wayne's 418 lights, over 805 such lights.

ATLANTA, Georgia, the manufacturing and distributing center of large territory in the south, had a population of nearly 90,000 at the last census and claims a full 100,000 now. It has 1,078 arc lamps of 2,000 candle power and 477 incandescent lamps of 75 candle power illuminating its streets.

This means that there is one arc lamp for every 92 of the population and one 75 candle power incandescent for every 209 inhabitants.

Applying the same ratio of lights to people Fort Wayne should have 674 arc lamps and 296 of the 75 candle power incandescents on its streets and alleys.

BIRMINGHAM, Alabama, another industrial center of the south, has 45,800 population and 600 arc street lamps, or one to every 76 inhabitants.

This translated into Fort Wayne equivalents would give us 816 arc lamps wherewith to discover how many more we need because of our especially scattered population.

HOLYOKE, Massachusetts, with its New England prestige as a manufacturing center, supplies 578 arc lamps to light the streets for a population of 50,778.

A similar lighting of Fort Wayne streets would give us 713 lamps for our 62,000 people.

It will thus be seen by the figures of this and previous Talks that, whether we compare Fort Wayne with cities of its own size, of its own state, or OF ITS OWN MANUFACTURING ACTIVITIES, the result is demonstrative of the badly, VERY BADLY, LIGHTED condition of our streets.

When We Have 1,000 Arc Lamps

of 2,000 candle power each on our streets and several hundred incandescents in our alleys, Fort Wayne will really be lighted. Not till then. Read our next Talk.

IN THE CITY'S CHURCHES

THE CHRISTIAN WORLD EDITOR WILL LEAD REVIVAL

Rev. J. H. Bomberger Will
be Heard at Grace Re-
formed Church.

Rev. J. H. Bomberger, D. D., of Cleveland, editor of the Christian World and one of the ablest churchmen of the Reformed church, will conduct evangelistic meetings this season at Grace Reformed church. The revival will open the middle of March and will likely continue for two weeks. Dr. Bomberger is a speaker of considerable ability and his successful work at Grace church in this city last March will be readily recalled. Rev. Dr. Allan K. Zartman, the local pastor, is making active preparations for the forthcoming work in which the congregation is deeply interested.

Next Sunday evening at Grace church the pastor will give a stereoscopic mission study sermon on the "Philippine Islands." The development of the islands, the Philippines, their churches, missions and schools, modes and manners of natives will all be touched upon. Since the purchase of the stereoscopic most interesting illustrated sermons have been given at various services and large congregations have been in attendance.

O. means he can find out by joining the class.

INTEREST AWAKENED.

Evangelist Gives Stirring Sermon at Wayne Street Church.

Rev. C. R. Haudenschild, conducting the revival at Wayne Street Methodist Episcopal church, awakened increased interest at the Wednesday evening service through his stirring course on "The One Word." That word was "Tomorrow" and his sermon was based on the text from Exodus, 9: "And he said tomorrow." In it he pointed out the danger of procrastination and showed that the great danger in the spiritual life of today was that people would defer their religious duties and obligations, waiting apparently for a more acceptable time. He urged his auditors to act now, to accomplish their work in the ever living present. That life was real, that life was earnest, that it was only the earnest, importunate seeker after Christ, the faithful deer of righteous deeds at the right time that would make true progress, was emphatically asserted. A vocal trio was rendered by George Koblmeier, Miss Mabel Bechtel and Miss Racine. This evening the evangelist will preach on "The Deity of Christ." The bible study on Friday afternoon will treat of "Divine Guidance." Under the auspices of Wayne Street church cottage prayer meetings will be held tomorrow morning at 9:30 o'clock at the homes of Mrs. Warren, 1136 W. Main street, and Mrs. Roberts, 2218 Miner street.

A REVIVAL OF PIETY.

Roward Points Out Great Need in Spiritual Life.

What a revival of piety is the great and growing need in the religious life of today, was clearly and positively shown by Rev. Roward in his sermon at the First Methodist Episcopal church on Wednesday evening. He based his effort on the text: "Look ye out among you men of honest report, full of the

Holy Spirit and wisdom, whom we may appoint over this business." Acts 6:3. Primarily he stated that it is common for us to speak of temporalities and spiritualities in church life, but that all temporal work should be spiritualized and the qualities of those appointed to look after the temporal work were indicated in the text. That this should apply to the ministry, the officers and to the membership, was also shown. In his splendid development of the text he quoted an editorial from the Wall Street Journal, in brief as follows: "What America needs more than railway extension, and western irrigation, and a low tariff, and a bigger wheat crop, and a merchant marine, and new navy, is a revival of piety, the kind that father and mother used to have—piety that counted it good business to stop for daily family prayer before breakfast, right in the middle of harvest; that quit field work a half hour early Thursday night so as to get the chores done and go to prayer meeting; that borrowed money to pay the preacher's salary, and prayed fervently in secret for the salvation of the rich man who looked with scorn on such unbusinesslike behavior. That's what we need now to clean this country of the fifth of graft, and of greed, petty and big; of worship of fine houses and big lands and high office and grand social functions. What is this thing we are worshipping but a vain repetition of what decayed nations fell down and worshipped just before their light went out."

The speaker then proceeded to explain that it was not the religion of the last generation, of the last century, but the religion of apostolic times that was to be adhered to, and that then would be fulfilled the words of the scripture, "And the word of God increased and the number of disciples in Jerusalem multiplied greatly." The sermon concluded with an eloquent plea for a higher standard in church life. This evening Rev. Roward will preach on "Resisting the Spirit."

Herbert H. Deam, the gospel singer from Bluffton, who has been leading the music each evening during the revival, has arranged to spend next Sunday in the city and will be present at all the services.

DR. W. W. BARNETT WILL SPEAK
Address for Third Presbyterian Church Brotherhood.

The members of the Brotherhood of the Third Presbyterian church will enjoy a treat this evening in the nature of an address to be given by Dr. W. W. Barnett. The well known physician will speak at length on "Cuba" and his effort promises to be both instructive and entertaining. The meeting will be held in the chapel of the church and all men of the church and their friends are invited to attend. To the young men and boys, students of current events in the local schools, a special invitation is extended.

REVIVAL SERVICES.

Gleanings From Local Church Evangelistic Meetings.

This evening at Trinity Methodist Episcopal church Rev. William P. Heron will present as the topic of his sermon "Men Not Condemned for Sin." Marked interest is being shown in the gospel services which opened Sunday and considerable progress is being made.

When the invitation was given for the altar service the response filled the altar to overflowing, also the front seats and the main portion of the aisles. The meeting was termed by the pastor "one of great spiritual power." Rev. William P. Shamhart will preach this evening on "Moses' Choice" at the revival service at the West Creighton avenue Church of Christ. There was a remarkable attendance at the Wednesday evening service at which the pastor was heard on "The Great Salvation." Prof. L. K. H. continues to direct the chorus choir. Their programs have received most favorable comment from all who have attended the evangelistic meetings.

The revival in progress at Calvary United Brethren church is enjoying a good attendance nightly. A chorus choir was organized this week and they have given two admirable programs. The meetings are being conducted by the pastor, Rev. George F. Byrer. His sermon topic this evening will be "One Thing Thou Liked." Considerable interest was shown in his Wednesday evening sermon when he preached on "The Justice and Mercy of God." His contrast of the two great attributes was definitely and comprehensively given.

As a result of the revival in progress at Simpson Methodist Episcopal church there have been a number of conversions and also accessions to the church. The evangelistic work is enjoying success and Rev. Loren M. Edwards is nightly greeted by a large and attractive congregation. This evening he will speak on "A Jailer's Conversion." A most practical and convincing sermon on "Temptations" was given last evening.

JUDGE SEEKS LIGHT ON BIG SALOON FIGHT

McDonald Will be Called and Matter Will be Investigated.

After John Gregor had testified that he had been assaulted without provocation in Chas. J. McDonald's South Calhoun street saloon yesterday morning, Judge Skelton took a look at a long cut in his eye during the session of the city court today and continued the case until tomorrow.

The saloonkeeper will be summoned and the matter thoroughly investigated as the judge was not contented with having the man arraigned and fined for vagrancy. There were no witnesses but the arresting officers and the judge thought the case one that should not be passed up until more evidence had been offered.

The big plate glass broken by the man who threw a stone after he had been ejected from the saloon, is a valuable one, and if he had had no provocation it is likely that a charge of malicious trespass could have been successfully prosecuted which carries a big fine in this particular case. The men with Gregor gave the names of Charles Fisher, Frank Meyers and John Meyers.

Frank Boyle, a plain drunk, was fined \$1 and costs. Gustav Stief, or something like that, a Macedonian, whose peculiar actions, coupled with the fact that he is filthy, caused the police to pick him up, was held on a vagrancy charge until tomorrow.

A TEMPORARY HALT

In Army Plans as Army Board Was Never Appointed.

Owing either to the unwillingness or negligence of former Governor Hanly, the plans of the Fort Wayne Army association have suddenly been halted as it has been discovered that the army board provided for in a bill passed at the last legislature was never appointed and unless the committee of Allen county, senators and representatives that will call upon Governor Marshall can induce him to appoint the committee, a new bill will have to be framed and be presented to the legislature at this session. According to the law above referred to, the legislature can not appropriate more than \$20,000 for any army so that the remainder would have to be obtained from the next legislature.

The association held a meeting last evening at which letters were read from the heads of the Grand Army of the Republic posts and the Sons of Veterans and each one contained expressions of favor for the measure and promises that everything possible would be done to help the local battery. The local G. A. R. posts have prepared circular letters and petitions to send to every post in the state and it is thought that some response will be heard from them by the end of the week. Hon. Frank Watson, a member of the house and the leading officer of the state organization of the Sons of Veterans has written that he will throw his entire influence to the support of any measure the association brings up to the general assembly.

Madame de Cinq Mars-Rost will accept a limited number of pupils for the study of conversational FRENCH.

SOCIETY

Mrs. Fred Ranke, of Fairfield avenue, gave her second bridge party of this week, this afternoon at her home. There were players for seven tables. The rooms were fragrant with the perfume of carnations and roses, both pink and white, which were mingled with plumose and filled vases and jardinières.

Mrs. Edward A. Barnes issued invitations today for two bridge parties, one of which is to be on Tuesday and the other on Wednesday afternoons of the coming week.

Mrs. J. C. Straughan, who lives at the Hamilton house, has issued invitations for an afternoon company on next Tuesday.

Miss Evelyn Celia has issued invitations to over twenty young friends to a party which will give on Saturday afternoon at her home in Washington boulevard west.

Miss Grace Furthmiller and Mr. George Bolyard were married on Wednesday, January 21, at the home of the bride's parents, near New Haven. Mr. Bolyard is a passenger fireman for the Pennsylvania.

Miss Jeanette Morris entertained the fortnightly bridge club this afternoon.

Miss Madge Kelly, of 330 East Lewis street, is visiting relatives in Upper Sandusky, O., for a few days.

Miss Bertha Wilkinson left today for Lexington, Ky., to visit Mrs. J. B. Crawford for a few weeks. Mrs. Crawford lived here for several months and has many friends.

Miss Kate Koorsen entertained the I. K. U. club on Sunday evening at her home on Gay street. Music, games and a luncheon were equally enjoyed by Misses E. Mirech, M. Kuhlbach, C. Gunkel, R. Jensen, K. Koorsen and Messrs. F. Baugert, C. Minich, M. Steel, M. Rupp and H. Bartich.

Mrs. P. Savage, of 302 Eliza street, entertained the Forget-Me-Not bridge club on Wednesday afternoon. Mesdames Lindeman, Palmer, McCall and Schlink were the prizes. Visiting guests were Mesdames Cox, Brown, Lindeman, Palmer and Shaughnessy. Mrs. Girard, of 616 Holman street, will be the next hostess.

The following young ladies met at the home of Miss Maudie Ensminger, of Spy Run avenue, last evening and organized an embryo club to be known as the G. A. D. club. The members are Misses Carrie McQuiston, Clara Inman, Eva Schild, Johanna Kochs, Emily Schneek, Ivy Schild and Miss Ensminger. Miss Inman will be the next hostess for the club.

Miss Mary Conroy, of Melita street, entertained a few intimate friends at cards on Monday evening. No detail was omitted to make the party one of enjoyment to all the company. Prizes were won by Miss Anna Danahy and Miss Kittie Golden for high scores and to Miss Edna Crist for the lowest score. Other guests were Misses Mary Danahy, Agnes Cunningham, Mary Carroll, I. Oretta Conroy, Florence Fry, Katie Gallagher, Lottie Siler, Genevieve Munzovan, Rosella McQuinn and Mrs. Hugh Hagar, Jr.

The M. F. F. club met on Tuesday evening at the home of Mr. and Mrs. Gustave Lauer, 225 West 16th street,

and enjoyed progressive pedro. Prizes were won by Mrs. John Schaphorst and F. Stutzenberger and Mr. and Mrs. John Logan. There was an excellent supper after the card playing and all enjoyed a pleasant evening. The members of the club are Mr. and Mrs. John Logan, Mr. and Mrs. John Schaphorst, Mr. and Mrs. Frank Stutzenberger, Mr. and Mrs. Louis Neeb, Mr. and Mrs. John Hoffman, Mr. and Mrs. Gustave Lauer and Mr. and Mrs. Ernest Barr.

A jolly crowd of young people formed a sleighing party that went on Saturday evening to the home of Mr. and Mrs. Bohde, six miles east of the city. Among the amusements of the evening was a game of red letters, in which prizes were earned by Miss Vera Hasty, Miss Mable Blue, Ed Goeglein and Will Bohde. Other guests were Misses Emma Block, Edith Hilker, Anna Prange, Minnie Bertha and Clara Rodenberg, Esther Hasty, Edith Wolf, Emma, Clara and Mayme Bohde, Anna Engelbrecht and Alma Israel, and Messrs. Will Brand, Fred Bartels, Walter Engelbrecht, Gus Rodenberg, Ed Horn, Charles Bueshug, Will and Mart Prange, Charles Daub, Henry Engelbrecht, Ed Goeglein, Joseph Smith and Will Bolidi.

At the home of Mrs. Hartup, a number of pupils of the Clay school and their friends met on Tuesday evening and spent a social time. A sleighride about the city was the first part of the pleasure and then music and refreshments added to the enjoyment on the return to the home of the hostess. In the company were Irene Davis, Daisy Colburn, Helen Fiegl, Marie Mercer, Goldie Wartenbe, Evelyn Wertman, Nellie McQuiston, Ethel Gaskill, Marie Michael, Jessie Loyd, Paul Ferguson, Elmer Schaffer, Clara Haman, Mildred Wertman, Selma Mertins, Clarence Geyer, Elsie Toenges, Clara Michel, Frieda Risk, Ada Peters, Virginia Haman, Ruth Meredith, Lillian Hartup, Ruth Michael, Rose Novitsky, Lawrence Hosey, Miss Frost, William Hosey, Mandel Hosey, Jean Hosey, Noel Risk, Mrs. Mollie Michael, Mrs. Hess, Mrs. Mitchell and Mrs. Roberts.

Relatives and friends gave Mrs. M. J. Klingenberg a pleasant surprise on Sunday afternoon to remind her of the anniversary of her birthday. The company remained during the evening, enjoyed progressive pedro in which the prize winners were Mrs. Hardendorf, Mrs. T. Quinn, Miss Clara Sorg, and Messrs. Quinn, Vincent and Sorg. Music for the celebration was furnished by the Clover Mandolin club. Supper was served in the evening. There were present Messrs. and Mesdames L. Jockel, J. Swager, T. Quinn, Hardendorf and son, Vincent, M. Vincent, Hentzler and children, A. J. Keller, Pete Swage and family, So vino, Boyd and son, Mrs. Louthan, Mrs. Joseph Farra, Mrs. J. S. Curtis, Misses Ruth Boland, Alma Lehman, Margaret Gillie, Lillian Lehman, Clara Sorg, Mary Bender, Tillie Klingenberg and Messrs. Arthur Miller, Clem Miller, John Hentzler, M. Brown, Joe Ohse, Ed Greve, Carl Miller, Elmer Jockel, Al Klingenberg and Mandes Klingenberg.

Freistrotter—Palmer.

Miss Nellie J. Palmer, daughter of Mr. and Mrs. Albert Palmer, of West Pontiac street, and Mr. Albert M. Freistrotter were married at 9 o'clock this morning at St. Patrick's Catholic church by Rev. Father Delaney. Miss Lottie Freistrotter, a sister of the bridegroom and Mr. Walter Palmer, brother to the bride, were the attendants. The bride wore a becoming reception gown of light gray voile, trimmed with lace and pink applique. Miss Freistrotter wore a champagne colored cloth gown with hat to match. The bride wore a gray hat trimmed with pink plumes and roses and held a prayer-book. The bridesmaid carried cream roses. After the church service the bridal party and relatives to the number of twenty went to the home of Mr. and Mrs. Palmer in West Pontiac street. The house was trimmed with festoons of white crepe paper, smilax and vases of carnations and roses. The bride's table at the breakfast was done in smilax and roses. Mr. and Mrs. Freistrotter will go directly to housekeeping in a home all ready for them, at 29 Cottage avenue.

IN THE THEATERS

Marie Doro is Charming.

As the richest girl in the world, Miss Marie Doro was seen in a comedy "The Richest Girl," at the Majestic last night and again, as in "The Morals of Marcus," left the impression of being about as charming and bewitching a little woman as ever tripped on and off the stage of a local theater. And while that is quite true of Miss Doro, it by no means conveys the idea of her possibilities as an actress. It is hardly possible in a few lines to more than suggest the various moods she assumes, the light and shade she puts into a character, the infectious mirth of her laugh, the daintiness and grace of her personality, or the pliancy, demureness or mischief she expresses in her face.

Miss Doro has a role in her present play that is admirably suited to her. As Benjamin Monnier, daughter of the richest man in France, a spoiled child, capricious girl and unwakened woman, the opportunity for Miss Doro's versatility and art is very good. She has an exacting role and one that requires her to be before the audience the most of the performance. An admirable background is furnished by the rest of the company, of whom Orrin Johnson, as Paul Normand, did very good work, and Fred Eric as the artist, Louis Massen as Mr. Monnier, Harrison Carter as the chauffeur, Frank Burbeck, Fred Tiden, Anne Meredith and several others gave such support as calls for high praise. The comedy is replete with bright situations and witty lines. It affords excellent diversion and entertainment. The last act is long drawn out.

Freistrotter—Palmer.

Miss Nellie J. Palmer, daughter of Mr. and Mrs. Albert Palmer, of West Pontiac street, and Mr. Albert M. Freistrotter were married at 9 o'clock this morning at St. Patrick's Catholic church by Rev. Father Delaney. Miss Lottie Freistrotter, a sister of the bridegroom and Mr. Walter Palmer, brother to the bride, were the attendants. The bride wore a becoming reception gown of light gray voile, trimmed with lace and pink applique. Miss Freistrotter wore a champagne colored cloth gown with hat to match. The bride wore a gray hat trimmed with pink plumes and roses and held a prayer-book. The bridesmaid carried cream roses. After the church service the bridal party and relatives to the number of twenty went to the home of Mr. and Mrs. Palmer in West Pontiac street. The house was trimmed with festoons of white crepe paper, smilax and vases of carnations and roses. The bride's table at the breakfast was done in smilax and roses. Mr. and Mrs. Freistrotter will go directly to housekeeping in a home all ready for them, at 29 Cottage avenue.

Directoire Princess for Spring

By Mrs. Jane Ford.

439
6 SIZES 32 TO 42 BUST

The princess dress is becoming to the average woman and the one illustrated will not prove an exception to this rule. The pattern for it is cut in six sizes, from thirty-two to forty-two inches bust measure. To copy it for the woman of usual proportions requires six and one-quarter yards of material thirty-six inches wide, or five and one-half yards forty-four inches in width. For the front and sleeves, two and one-eighth yards of tucking, eight inches wide, will be needed, and one-half yard of contrasting material twenty inches wide for the revers and piping.

This frock is a remarkably pretty model for either stout or slender figures, and, if duplicated in any of the soft, clinging materials now fashionable, the effect will be satisfactory.

A costume of dark blue broadcloth could have the revers and piping of satin of a matching shade. The front and sleeves could be either of tucking or of satin heavily embroidered in self colors. The ideas suggested could be carried out in various materials and colors.

While the garment is chic in appearance it is as simple and easy to construct as an ordinary shirtwaist suit.

The body portion may be made with or without a lining, and the five gored skirt joined to the waist at the back and sides under the material belt.

The front panel of the skirt extends up on the waist and gives the fashionable long lines to the figure.

This model would be effective, copied in linen, plique or duck, and

fourth acts of the play are departures, not in design, but in development, from Balzac's novel, and throughout the entire drama, the spirit of Balzac has been closely followed by Paul M. Potter, who was entrusted with the English adaptation by Manager Frohman.

At the Lyric.

The Lyric stock company continues to draw good crowds in "The Lost Wife," and the engrossing story founded upon the Scottish marriage law is proving probably the most popular piece presented so far by the company. The scenes in Wales and Ireland, with the introduction of native comedy, is one of the refreshing features of the drama. The bill will be followed next week by "Camille."

Sentinel's Cook Book

Raspberry and Currant Cup.

Combine one quart raspberry and two parts currant juice with as much water as juice and as much sugar as necessary to sweeten.

Grape Juice Lemonade.

Make a quart of strong lemonade in the usual way, using a little more sugar. Add to each quart of the lemonade a glass of grape juice, chill and serve.

Grape Punch.

Add to a quart of grape juice the juice of six lemons and two oranges, two quarts of cold water and two cups sugar. Pour into the punch bowl, add sliced oranges, bits of pineapples and berries or sliced peaches.

Frothed Chocolate.

Heat in large double boiler a saucepan set in a larger vessel of hot water two and a half quarts of milk. Cook in a small pan until smooth and shiny four squares of chocolate, four tablespoonfuls sugar, a heaping spoonful salt and four tablespoonfuls hot water or milk. Cook this for ten or more minutes stirring constantly; pour into kettle of hot milk, and with a chocolate muddler or egg beater beat for five minutes. Flavor with a teaspoonful vanilla extract and a little cinnamon and serve in cups, pouring the hot chocolate over a spoonful of whipped cream in the bottom of each cup.

Oatmeal Water.

A particularly refreshing and wholesome drink for extreme hot weather is oatmeal water. To make it, put one cup oatmeal in a stone jar, add a cup sugar and the juice and rind of three lemons cut thin. Cover with three quarts boiling water and let it stand until the sugar is dissolved and the water cold. Strain and place on ice. In the Japanese war with Russia oatmeal water was placed all over the ships to satisfy the thirst engendered by the heat and smoke, in place of the alcoholic drinks allowed the Russians.

Tomorrow the Sentinel will begin publishing recipes for use in the sick room. The invalid and the convalescent are not able to digest food that the well person can take care of and the recipes to be given from the invalids' department of the free cookbook will prove helpful.

TOMMY DALEY GIVEN "TO BOOT" IN A TRADE

Former Terre Haute Outfielder Goes to Los Angeles Club.

Tommy Daley, who played in the Terre Haute outfield last season when he was not sulking, has been traded by Manager Clark Griffith, of the Cincinnati Nationals to Los Angeles of the Pacific Coast league. Daley was a Central league farm hand last season and the Reds held an option on him which was exercised in August.

He is a scrappy little fielder, fast on the bases and a fair hitter, but Manager Griffith did not think he was right for major league society so he threw him in with Ellis, another outfielder and secured Oakes in return for the two men.

The Grand Rapids Press is kicking on the Stag outfield and says it is up to the new manager to dig up some talent. Walter Moore, according to the Press, is not handy enough with a bat, Fred Betts is a mighty bunter all right, but can not cover enough ground nor can he skip around the bases fast enough, and "Lefty" John Geyer will barely do. A new first baseman is also wanted and a right fielder is needed. If Bert Noblett succeeds in getting away from his home town.

Clarence McDonald has been purchased from Indianapolis by Louis D. Smith, of the Terre Haute team and will play third base for the Tols. Charlie Carr, drafted or bought from the Fort du Las, Wis., and thought he would take Billy Bonke's place. Then he changed his mind and at South Bend the other day he offered him to Smith. This means the passing of Dick Cooley. Sir Richard never was a popular addition to the Tot line-up, although he played good ball there. He was knocked from the time he was taken on by Lew Drill.

Clyde Wares, who played at short for Zaneville last season and who wanted to go either to Grand Rapids or South Bend this year, has signed with the Indians for 1909. His reasons for wanting to get away from the Zaneville team was that he wanted to be with a team nearer his home at Kalamazoo, Mich.

Evansville offered to buy Alva Spangler from Wheeling at the South Bend meeting, but the club owners wanted \$50 more than Wheeling was willing to pay. Harry Stahlner was willing to part with and the deal did not go through.

A permit to erect a \$2,000 residence on East Wayne street has been taken out by Contractor Michael Klader.

BETTING ON TRACKS IN DANGER ON COAST

California Legislature is Thought to be Opposed to Racing.

Sacramento, Cal., Jan. 21.—Everybody will have a chance to appear for or against the anti-betting law, which is aimed at horse racing and which is now practically in the hands of the senate, as the assembly's position is considered as settled. This was announced yesterday by Chairman Wood, who called a meeting of the committee on public morals for next Tuesday evening.

Senator Wood said he wished to hear all sides of the case, and he certainly will have plenty of information from the race track end of the question, as President Thomas H. Williams of the California Jockey club and a big force of attorneys and lobbyists are here.

Just what the attitude of the senate will be is unknown. That the assembly, the lower body of the state representatives, is opposed to gambling was evidenced when an effort to amend the Oltz-Walker bill, which is directed at the sport, was defeated by a vote of 52 to 23. This was the third test vote taken on the subject. The amendment suggested was the addition of the poolroom features of the Martinelli bill.

Turfmen here are not cheerful over the outlook. Although many of the senators who will pass on any legislation after it has left the hands of the lower house, are in favor of the turf game, public sentiment seems to be so strongly against racing that they may be compelled to vote against it.

All indications are for a lively debate on the point next week.

READY FOR OPENING OF BASKET BALL SEASON

First Series of Games Will be Played in Double Header.

With a bargain performance in which two games will be played for one admission and with everything promising some high-class sport, the regular season of the Fort Wayne Basketball league will be opened at Saengerbund hall this evening. The first game will be called at 8 o'clock and the second will follow.

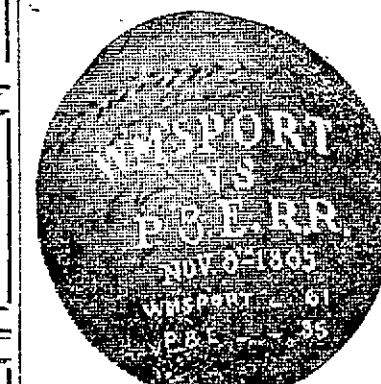

For an opener the four best teams have been selected and the Kerkings will be sent against the Athletics, made up from the membership of the Turnverein Vorwaerts, and St. Mary's Athletic will tackle the High School team. This insures an excellent card for the opening night. Saengerbund hall supplies ample floor space for the game with plenty of seating capacity and there are no reservations for the opener for the reason that the entire floor is easily seen from any seat that will be provided. The games will not be of the amateurish kind because the players have conditioned themselves and are fit to give good accounts of themselves. Most of the men have been playing the game several seasons and have arrived at a degree of precision in passing and shooting baskets that is most interesting. There have been plenty of regular games to keep the men working and the conditions surrounding the opening of the season are most promising.

Basketball has never been brought prominently to the front as a winter sport except at Concordia college and at all of the games played the seating capacity has been fully tested. Interest is growing and the sport is exciting and scientific. Nearly all of the towns surrounding Fort Wayne have teams and it is the intention of the league officials to sandwich in some high-class games with some of the clubs before the season closes.

OLDEST BASEBALL IN WORLD.

What is believed to be the oldest base ball "living" today has been forwarded to Garry Hermann, chairman of the national commission, to be placed among the trophies of the national game. The ball is "mushy," but remains in a perfect state of preservation.

tion, although it was batted about the base ball park at Williamsport, Pa., in a game against the Pennsylvania and Erie railroad team from Erie more than forty-three years ago, or, to be exact, on November 8, 1865. The score of the game was 61 to 35. The seams are large and the ball is bigger in every way than present day base balls. It was the property of "Ed" M. McLaughlin, relative of W. M. Harrison, member of the Williamsport team that won the game and thereby being entitled to the ball.

PROMOTERS PUT OUT A "FEELER" AT CAPITAL

Bronson-Dunn Bout to Entertain the Visiting Miners.

That fight promoters at Indianapolis are a bit timid and a little uncertain about the position Governor Thomas H. Marshall will take on the scheme to revive the game in Indianapolis is indicated by a letter sent to the convention of the United Mine Workers of America. A gentle hint to the wise man who is not a miner but who wants to see the go is given in the following article in the Indianapolis Star:

Unless you are a "miner" you will be denied admission at the door Friday night when Roy Bronson boxes Jimmy Dunn at the Auditorium. Only "miners" will be admitted within the sacred portals.

Followers of the fight game are puzzling their brains finding a way to beat the odds against sons of toll who do not dig precious metals from the bowels of the earth.

Webster's dictionary defines a miner as "one who mines; a digger for metals." Some Indianapolis sports find in the definition "a digger for metals" a loop hole which will admit them to the boxing entertainment.

They argue that every man in Indianapolis is a "digger for metals." The metal most sought after in this vicinity is gold. It is best liked when it bears Uncle Sam's imprint.

The player miners of Illinois street are persistent and are sticklers for their rights to enter.

The quartz miners of Washington street are clamoring just as loudly. All are diggers of metal and think they should not be shut out.

To make sure many Indianapolis sports will put on jumpers, blue woolen shirts, carry red badanna handkerchiefs and disguise themselves as "miners."

To say the fans are tight hungry does not half express it.

Jack Morgan and Russell Van Horn furnished Indianapolis enthusiasts their last little entertainment.

One memorable night, October 30, 1907, Morgan shot his left to the jaw in the first round so hard that "Van" went down for the count.

The sudden termination of this bout killed the boxing game and it is just beginning to show signs of being resurrected.

The miners are to do the trick, so it behooves us all to be "metal diggers" Friday night.

No tickets are on sale so no one will have to dig down in his pockets. Disguise yourself as a miner, tell the man at the door a hard luck tale and witness the blow off.

SUNDAY SUGGESTS A BENEFIT.

Noted Evangelist Wants to Arrange Testimonial for "Cap."

Spokane, Wash., Jan. 21.—Evangelist Billy Sunday is going to Chicago to help "Pop" Anson. That is, if the sporting fraternity of that city agrees to his proposition. Sunday played ball under the famous old veteran, and he has made a most generous offer to assist the now bankrupt ball player. Last night he dictated the following statement for the Chicago Record-Herald:

I see by the Associated Press dispatches that "Cap" Anson of the old Chicago White Stockings testified in the Chicago district court Saturday that he was broke and down and could not pay the debt of any one's financial troubles, especially "Cap" Anson, and I am sure that every baseball player and man in the United States sympathizes with him in his present unfortunate condition.

I have a proposition to make which, with the co-operation of Chicago newspapers, I am sure would mean a great success, but without which co-operation would be a failure, and that is that the people of Chicago give him a rousing benefit. If you will take up with the Auditorium the matter of securing free use of the building some night, I will be glad to go to Chicago, bring my entire party and deliver a lecture free of charge, giving a special musical program preceding the address.

I shall be in Springfield, Ill., after February 19 and can run up to Chicago some Monday night during the latter part of February or March.

NATIONAL GRABS STEVE KANE.

Ruddy-Faced Umpire Will Not Be in American Association This Year.

Louisville, Ky., Jan. 21.—Steve Kane of this city, who officiated last summer for the American association, and who formerly worked in the Central league, has signed a contract to umpire the coming season with the National league.

Announcement Extraordinary!

A Bit of Lace History

The American people have long been content to buy their laces in Europe; because until very recently Europe has been the only place where beautiful, fine, dainty laces could be had—and we are paying 60 per cent duty for the privilege!

But the American genius got busy one day, and John Alexander Downey, founder of Zion City, and Elijah H. Hume, conceived the immense idea of establishing the lace industry in America. He imported the first lace makers to this country, along with their best lace machinery, and founded the industry which has subsequently meant the saving of millions of dollars' duty to the purchasing public of the United States.

Of Downey's financial downfall everyone knows. It led to the formation of the American Lace Manufacturing Company, at Elyria, Ohio, whose product is as beautiful as any of the old country laces.

In this plant all the different processes are carried on under one roof; the yarn, or thread only having to be imported from abroad. The spinning, the bleaching, the designing and drafting, and finally the weaving are all done by skilled laborers—some brought from England, others trained American workers—under the supervision and control of one organization.

We wish we could take you step by step through the different processes of lace weaving—it is an interesting story, but space forbids. But in our east window is an instructive exhibit of the American Lace Company's product. It is the real product of American ingenuity and skill—the kind of enterprise and industry that ought to make every loyal American feel immensely proud.

A Three Days' Lace Sale

German and French Vals at 5c a Yard!

In the "Bit of Lace History" just opposite we have told you about the American Lace Company—how the enormous 60 per cent duty is saved on imported laces. Now for our part of the business

WE ARE EXCLUSIVE AGENTS IN FORT WAYNE

For the product of this American Lace Company. The first shipment of these beautiful laces is just in, and we have arranged for a gigantic

Three Days' Sale—Friday, Saturday and Monday

There are beautiful new spring patterns in German, French and filet meshes—insertions and edgings to match in white, cream and ecru. We've not graded the prices according to width, but have made one price

--- 5c a Yard ---

If bought the regular way, through importers, these laces would sell at 10c, 12c, 15c, 18c, 20c and 25c a yard. You can readily see how the "no duty" affects the price. The laces themselves are just as dainty, just as beautiful as those made in foreign countries and brought to our shores with the heavy duty attached.

Now is the time when laces mean something to every woman, because, aside from her shopping, she has the leisure to stay at home and fashion these exquisite laces into beautiful lingerie, frocks and children's dresses for summer. Remember they're all 5c a yard, no matter what the width. It's worth a trip down town only to see our east window full of these dainty vals.

Story Corner for Base Ball Fans

A couple of years ago Washington was playing a series of games in New York and strange as it may seem, Tim Hurst was officiating alone. It was a frightful hot afternoon, and as Washington and New York were both hitting the ball to all corners of the lot Tim was in anything but a genial frame of mind. When one considers that New York won the contest by the score of 16 to 13 he can realize what a lot of work the portly member of Ben Johnson's staff had to do.

Late in the game Bob Ganley, who was on first, went to second on a hit to one of the infielders. The play was made to second, but Elberfeld dropped the ball and Tim declared Ganley safe. Then he turned his back on the play and started for the catcher. Imagine Tim's surprise to see Ganley racing home from third before he had scarcely reached the pitcher's box.

Tim immediately faced about to see what had happened and to fathom the mystery of Ganley's movements. All he could see were two outfielders giving chase to the ball near the right field fence. While Tim had his back turned Ganley had picked up the ball which Elberfeld had dropped and thrown it to the center field fence, all of which had escaped Tim's eagle eye.

After taking in the situation he proceeded back of the catcher, and in a moment was surrounded by all of the New York players, while Tim was trying to order Ganley back to second. Immediately the Washington players surrounded Tim, and, knowing that he didn't see Ganley pull off the trick, demanded an explanation as to why he should not be allowed to score instead of being sent back to second.

When Tim finally got the players a few paces away from him, in the loudest voice he could muster, he announced:

"Gentlemen, if you must know the reason, here it is: I sent Ganley back to second base on general appearances."

While the rules fail to cover the general appearance clause Tim's decision went, and Ganley trotted back to second, and few managers have anything on Joe

Canillon when it comes to telling an umpire what he thinks of his work and getting away with it without drawing a notice of ejection. Joe in his day was regarded as one of the best umpires in the business. He has profited by experience and knows how to say things and still keep his standing good.

One of the American league staff of umpires will never forget a cruel thrust Canillon hurled at him during a game at Washington last year. It cut in deep, but really offered the umpire little excuse for tagging Joe for the clubhouse.

On the afternoon in question Washington was playing Detroit and the game was a battle royal, with everything close on the bases. Most of the decisions, according to Canillon, were going against him, and, while he wanted to express his disapproval in forcible terms, still he was afraid, fearing banishment from the game. After a particularly close play at third that went against the Nationals Canillon stopped at the plate and engaged in a hot argument with the man who was working the game.

Canillon's actions failed to please a spectator, who, strangely, was a friend of the umpire.

"What's the matter with you, Canillon? You used to be an umpire and ought to know how to behave toward one," was the greeting that came to Joe

DR. HARDMAN, Specialist

Cures Pelvic, Nervous and Chronic Diseases and Guarantees Satisfactory Results in All Cases He Accepts for Treatment.

FREE EXAMINATION: For the purpose of proving the advantages of my methods in the treatment and cure of PELVIC, NERVOUS AND CHRONIC DISEASES, I will not only give to everyone who calls at my office before Feb. 1st a careful and thorough examination FREE OF CHARGE, but to further demonstrate to the public the rapidity of the CURES I make I will treat any case I accept for a cure from now until Feb. 1st at a GREATLY REDUCED FEE.

BUSINESS NECESSITY demands that a diseased condition of the body must be eliminated in order to successfully meet the strenuous requirements of active competition.

A BROKEN DOWN BODY is certain to bring about a disturbance of the nervous system, a NERVOUS BREAKDOWN, which in turn becomes an effective barrier to success. NO MAN CAN AFFORD TO RUN THE RISK OF FAILURE BECAUSE OF BEING HANDICAPPED BY DISEASE.

YEARS OF EXPERIENCE in the treatment of PELVIC, NERVOUS AND CHRONIC DISEASES has enabled me to perfect my methods which will not only perfectly and permanently CURE these diseases but will restore to a normal and healthy condition, the broken down and devitalized nervous system.

Hundreds of satisfied patients have testified to my ability to cure these CHRONIC and deep seated diseases in which the ordinary methods have failed.

If you give me one-half the chance with your case, I will give you the cure you have paid others for.

LIFE IS A STRUGGLE AT BEST, so why delay this opportunity to get well? I say, can you afford to miss all the happiness that comes from having a sound body for the sake of a few dollars? You know you cannot. Every day wasted is forever lost.

VARICOCELE, STRICTURE, RUPTURE, PILES, FIS-TELA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

PROSTATIC ENLARGEMENT—Results from inflammation. I reduce the enlargement and have been able to cure about 90 per cent. of all cases.

TO REMOVE SALOON FROM POLITICS THE AIM

Improved Traffic and Fewer Saloons, Model License League Platform.

Louisville, Ky., Jan. 21.—In this hour when the prohibition movement has included Tennessee, the National Model License league met this morning in Louisville to test the growth of its doctrine and to hear various views regarding its purpose. The sessions will last three days and the speakers to be heard include Mayor David S. Rose, Milwaukee; Sidney Story, New Orleans; Dr. J. F. Callen, Pittsburg, Kansas; Dr. Nathan F. Cole, Peoria, and others.

President T. M. Gilmore, of the league, called the session to order at 10 o'clock today and an address of welcome by Mayor J. F. Grinstead and appropriate responses were first heard.

The avowed purpose of the league is to take the saloon out of politics and keep it there and to exclude all law-breakers from the retail liquor business whatever the law of their communities. The league would submit to the people of each political communal division various questions as to how the majority want the liquor trade regulated.

President Gilmore's Address.

"The people do not want prohibition, but they want a reform, and when we prove that we, too, want reform, when we gain the confidence of the public, the prohibition wave will recede and the Anti-Saloon League will find its occupation gone." So declared President Gilmore in his address to the convention. Mr. Gilmore discussed reform movements and the prohibition wave, which he declared to be a protest against things that ought not to be; against conditions that ought not to continue. Mr. Gilmore said he was satisfied that the prohibition movement will ultimately result in good to the liquor trade and to society, but he insisted that it should be carried along in a less radical way, and that the reforms desired should be brought about without such tremendous losses as are being entailed through the passage of prohibitory laws.

"The people of this country do not want prohibition," he insisted, "nor do they want the saloon unless the saloon is properly conducted."

Good and Bad Saloons.

"The saloon, if properly conducted, is a very good convenience, but the saloon that is run in connection with gambling, and that violates law, and that sells to minors and to men who are intoxicated, is certainly out of touch with civilization; it is an offense to modern thought, and it should be stamped out by a mandatory penalty that is absolutely merciless in its provisions."

Mr. Gilmore said that if the saloon should be permanently abolished it will be found necessary to provide a substitute; because the strenuous life incident to modern civilization demands a place of relaxation, where friends can meet friend, and where worries and cares and responsibilities of life may, for the time being, be put aside.

No "Dry" Territory.

"The Anti-Saloon League," he continued, "is not advocating prohibition, and to one who is familiar with the situation—all of this talk about 'dry territory' is nothing more than an absurdity. There is no 'dry territory' in this country, although there are a number of states and a great many counties, aggregating in area probably one-half of the United States, in which laws have been adopted prohibiting the sale, and in some cases the manufacture, of alcoholic beverages. A law merely prohibiting the sale of alcoholic beverages, however, can not affect the purchase and use of alcoholic beverages any more than a law that might prohibit the sale of cigars would affect the consumption of cigars."

The speaker said that since the passage of prohibition laws in such states as Georgia and Oklahoma, shipments of whisky and of beer to these states

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

have been phenomenally large. This he attributed to the fact that people who, under a license system, would never keep whisky in their houses, are persuaded to buy at least four bottles through fear that in case of dire need they would not be able to secure it in time.

Sees Failure of Anti-Saloon League.

The Anti-Saloon League, he said, was fully alive to the weakness of its cause and that its leaders know that the people of this country do not want prohibition. He declared that the Rose law in effect in Ohio was doomed to be absolutely nullified and in time to be repealed, as it would not bring the desired reform.

"We contend," said he, "that it is absolutely essential to the solution of this problem that all licenses to retail liquors shall continue in this country as they continue in Europe—that is, that the saloonkeeper's license to do business shall continue without any possible interference, or any power of cancellation, unless it be by a majority vote of the people or else by conviction in a court of competent jurisdiction of the violation of the law. A license of this character would immediately remove the saloonkeeper from the realm of politics; it would save him from the demands of the blackmailer; it would give him a feeling of permanency and a desire to conduct a business that is to be permanent in the best possible manner."

Would Issue No More Licenses.

"We, furthermore, contend that no more licenses ought to be issued until the proportion is not greater than one for each 500 of population, so that each of these licenses would possess a very great value."

"We also contend that the price paid by the saloonkeeper each year for the privilege of doing business should be reasonable. "We then insist that, in consideration of so valuable a license, the penalty for the violation of law should be mandatory, and that no discretion should be lodged with any judge or licensing board."

"It is our idea that for the first conviction of the violation of law on the part of a saloonkeeper or of his employees in the conduct of his business, his license would be suspended for a period of thirty days; and that for the second conviction his license should be absolutely cancelled, and that he should not again be licensed to retail liquors in the state."

Will Solve the Problem.

This, Mr. Gilmore said, would solve what is known as the liquor reform insofar as the sale of alcoholic beverages is concerned. This problem solved the more important problem of temperance on the part of the individual could be taken up, he said.

In conclusion the speaker said: "I am satisfied that the time is coming when the man who becomes intoxicated will be treated as a criminal and will be punished with the utmost severity; and I, furthermore, believe that the time is coming when the people of this country will give up and resent what is known as the treating habit, even as the people in Continental Europe have done."

COUNTY OPTION IS NOT IN GRAVE DANGER

Republicans in the Senate Counted Against It are Uncertain.

Indianapolis, Jan. 21.—Three of the four republican members of the state senate who it has been believed would support a measure for the repeal of the county unit local option law made clear their positions in the matter yesterday in statements to The Star.

The four men referred to are Senators Edgar Durrie, of Evansville; Will R. Wood, of Lafayette; John W. Orndorf, of Churubusco, and William Gorman, of Mt. Vernon. The first three named spoke without qualification, while the last named senator declined to announce his position at this time.

The statements of the three republican senators referred to were as follows:

Will R. Wood: "I will vote for the substitution of a high license law for the county unit law. On a measure to repeal the county unit law without substituting the high license provision I will vote no, and, of course, I would not vote for the substitution of the democratic platform measure for ward and township local option."

Senator Edgar Durrie: "I will not be bound in caucus on this question. The platform upon which I was elected did not bind me to the repeal of the county unit law, but a majority of my people believe that it should be repealed, and they well understood what I would do when they elected me. I would prefer to vote on a bill repealing the county unit law without any other provision, but at the same time I believe that the substitution of the ward and township provision would be more desirable than a continuance of the county unit law and I would support a measure for the substitution of this democratic measure rather than see the present law stand, because I believe that the ward and township provision would be more desirable because it would be less drastic."

John W. Orndorf: "I shall not be bound by any caucus on a measure to repeal the county unit law if the bill comes to us for that alone. I have not decided what I might do in case it comes in a form to repeal the county unit law and enact the democratic platform measure. I might consent to stand with the other republicans against such a measure. I have not fully determined this, but from information I have on the situation in the house, I believe that the bill will very likely never get to us from the house."

Gorman Not Fully Decided.

Senator Gorman did not say that he had not definitely decided upon a course of action in the matter. He simply said he was not prepared to make a statement at this time. Some of the other republicans of the senate, however, credit him with strong leanings against the county unit law and they believe that he would probably vote for a bill to repeal it and nothing more, at least.

An interesting development yesterday was that three democrats in the senate are expected to stand out against any attempt to change the law, regardless of party action, and that four and possibly five, will probably stand against any measure except one which provides for the substitution of the democratic ward and township measure for the county unit law. Thus the one measure, the substitution of the democratic provision for the county unit law, would lack three supporters on the democratic side, and a bill for the straight repeal of the law would have the opposition of three and of one or two others at least. They will oppose any effort to try to bind them in caucus.

In the senate the democrats have 23 votes and the republicans 27, so that if the measure should gain all four of the republican votes and should lose but three democratic votes, it would be defeated, the vote in this case being 26 to 24 against the bill.

As a further indication that the bill

LoDUE & CARMER, Mgrs. 205 E. Columbia St.

will not pass the senate in whatever form it finally appears there, if indeed it passes the house, it may be stated that the three republicans who made statements yesterday, showed that they would vote for the repeal of the law under varied circumstances, and it is now probable that a bill calling for the repeal of the county unit measure can be presented in such form as to gain all three of these votes from the republicans.

Will Not Be Bound by Caucus.

While two of the three democratic senators who say they will not be bound by a caucus favoring the repeal of the county unit law were free yesterday to state such a position privately, they said that they were not prepared at this time to make public statements, and they would not permit the use of their names. The third man, while he made no statement of his position, is known by the other two, as well as by others of the senate, to stand firmly against disturbing the county unit law.

Inquiries among the democratic senators who stand against the repeal of the county unit law as to whether they shared the belief of Senator Orndorf that a repealing measure would not pass the house, showed that they, too, held the view, though they were not as certain of it as Senator Orndorf seemed to be.

In the house there are sixty democrats and forty republicans. One of the democratic senators said that he had been reliably informed that there were at least twelve and probably as many as sixteen democrats in the house who will decline to be committed in caucus on any moral measure,

and will vote against the repeal of the county unit law.

On the other hand, it has been stated that not to exceed three republicans there will vote for the repeal of the law. If this is the case, but fourteen bolting republicans would be required to accomplish the defeat of the repealing measure. In that case, the repealing measure would have forty-nine votes against fifty-one, but some of those opposed to the repeal of the county unit law do not believe that the vote in the house would be this close.

TO MAKE LINCOLN'S BIRTHDAY LEGAL HOLIDAY

Senator Beveridge Introduces Bill to Set Aside February 12.

Washington, Jan. 21.—In recognition of the services which Abraham Lincoln rendered to humanity, Senator Beveridge yesterday introduced a joint resolution to make February 12, 1909, a special legal holiday, that being the centenary of the birth of the emancipator. Senator Beveridge's resolution, as referred to the committee on judiciary, where it will be considered at an early date, is as follows:

"Resolved, by the senate and house of representatives of the United States of America, in congress assembled, That the 12th day of February, 1909, the same being the centenary anniversary of the birth of Abraham Lincoln, be and the same is hereby made a special legal holiday in the District of Columbia and the territories, to all intents and purposes in the same manner as Christmas, the 1st day of January, the 22d day of February, the 30th day of May, the 4th day of July and the first Monday in September, are now made by law public holidays; provided, however, that this act shall apply to the year 1909.

"And be it further resolved, That the president be authorized to issue a proclamation in accordance with the foregoing, inviting governors of states and territories and mayors of cities to participate in the public recognition of the centenary anniversary of the birthday of Abraham Lincoln, February 12, 1909, recommending 'at said day be observed as a special holiday.'

Has Earned Support of G. A. R. The introduction of this resolution by Senator Beveridge follows a message which the president sent to congress asking permission to proclaim the coming February 12 a special holiday. The plan has the earnest support of the Grand Army of the Republic, which has adopted the following resolution:

"That the commander in chief be requested to invite the president of the United States, governors of states and territories and mayors of cities to participate with the Grand Army of the Republic in public recognition of the centenary anniversary of the birthday of Abraham Lincoln February 12, 1909, and by proclamation, as far as practical, recommend that the day be observed as a special holiday."

In his message to congress on the subject President Roosevelt said:

"I regard the proposal as eminently proper. It will be from every standpoint desirable to observe this hundredth anniversary of the birth of Abraham Lincoln as a special holiday. I recommend that congress pass a law authorizing me to issue a proclamation setting apart this day as a special holiday."

The plan proposed in Senator Beveridge's resolution of authorizing the president to invite the governors of states and territories and the mayors of cities to participate in a public

STOMACH TROUBLE AND INDIGESTION WILL QUICKLY GO

Almost Instant Relief is Waiting for You at the Drug Store

Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take one triangle after supper to-night. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion.

Recognition of the day is regarded with special favor, and, if carried into effect, will mean a general national observance of the occasion.

When aroused from his slumber early Wednesday morning by a peculiar noise, Mayor Charles A. Rigdon, of Warsaw, discovered a mouse carrying off his three-karat diamond ring, valued at \$580. The mouse had the ring half way through a small hole, twenty feet from the table, where it had been placed at night.

Mrs. Anna Miser, of Auburn, while visiting at Elkhart, left her wraps on the river bank together with a note stating that she was tired of life and that it would be useless to search for her. Friends at first believed she had ended her life in the river, but later she was found wandering aimlessly about the city. Mrs. Miser is believed to have been demented.

STATE SPRINGS BIG SURPRISE IN THE COOPER TRIAL

Slayer of Former Senator Carmack Faces Jury in Nashville.

Nashville, Tenn., Jan. 21.—With the stage set for the Cooper murder trial, the witnesses present and the prospective jurors summoned, it became known this morning that the state had prepared a surprise for the defense by having the body of Carmack exhumed and an autopsy held.

After the murder and in the excitement attendant on the crime, the state neglected to order a post mortem. It is essential in the trial that the direction from which the bullets came be determined. The state's theory is that Carmack, with his hat raised to greet a lady, was shot from behind. The defense asserts that he fired the first shot. It seems, however, that some time between the date of the killing and the present time, the state, secretly, and at night, exhumed the body of the slain editor and caused a careful post mortem to be performed. The course of the bullets thus was determined and the state claims to have proof that the bullet which killed Carmack entered his neck from behind.

Defense Will Meet Issue. This, however, does not entirely disprove the theory of the defense. Even the defense does not claim that Col. Cooper fired the shots. It maintains that young Cooper, believing his father's life was in danger, fired upon Carmack to protect his sire. And it is not contended that young Cooper stood any place but behind.

The work of completing the new court room for the opening of the trial was rushed all day yesterday, and was carried far into the night. Carpenters, electricians and other workmen labored under orders of the officials without regard to time and

as a result the big new temple of justice was ready for the opening of court at daylight this morning.

The sheriff reported to Judge Hart that the summons for both jurors and witnesses had been served and that nothing except objections of counsel stood in the way of the opening of what promises to be the most famous legal battle in the history of Tennessee.

Orders Panel Sworn. Both sides announced a readiness to proceed and Judge Hart ordered the panel sworn. The court room was crowded within ten minutes after the doors were thrown open for the first time.

Quite a number of women were present and for these Judge Hart ordered places made inside the bar. The prisoners were escorted into the room after the preliminary work Colonel Cooper and his son entered arm in arm, while Sharpe followed them. The latter's wife and father greeted him affectionately. Mrs. Lucius Burch, daughter of Colonel Cooper, met her father and brother with a cheerful smile and seating herself between them conversed animatedly with them. Young Cooper was fashionably attired and seemed in splendid spirits. His father was very quiet and shows the effects of confinement.

Neuralgia Pains

Are the result of an abnormal condition of the more prominent nerve branches, caused by congestion, irritation, or disease. If you want to relieve the pain try Dr. Miles' Anti-Pain Pills. They often relieve when everything else fails. They leave no disagreeable after-effects. Just a pleasurable sense of relief. Try them.

I have neuralgia headache right over my eyes, and I am really afraid that my eyes will burst. I also have neuralgia pain around my heart. I have been taking Dr. Miles' Anti-Pain Pills recently and find they relieve these troubles quickly. I seldom find it necessary to take more than two tablets for complete relief.

MRS. KATHLEEN BARTON, 1117 Valley St., Carthage, Mo.

"I have awful spells of neuralgia and have doctored a great deal without getting much benefit. For the last two years I have been taking Dr. Miles' Anti-Pain Pills and they always relieve me. I have been so bad with neuralgia that I sometimes thought I would go crazy. Sometimes but never more and they are a cure to relieve me."

An Honest Medicine

A BLESSING TO ANY COMMUNITY

HON. M. H. P. WILLIAMS, JR.

"Whoever relieves aches and pains and cures the sick is a friend to humanity, and an honest medicine deserves praise. As prevention is better than cure, and a cold is the beginning of a great number of diseases, so a good cough remedy is a blessing to any community," says Hon. Mason H. P. Williams, Jr., of Frankfort, Ky., in a letter to the Chamberlain Medicine Company.

Reliable Cough Remedy

He further says: "You have my hearty endorsement in placing before the public an honest cough remedy, one which can safely be used by young and old and can be relied upon to do just what is claimed for it. I wish you abundant success. Chamberlain's Cough Remedy has many friends here."

This medicine makes friends wherever it goes, and when once used in a home nothing can be found which will quite take its place.

Chamberlain's Cough Remedy

The tendency of medical science is towards preventive measures. It is easier to prevent than to cure. This is especially true of pulmonary diseases. Pneumonia, bronchitis, chronic catarrh and consumption are all diseases that have their beginning in a cold, and which in most cases could have been cured. Chamberlain's Cough Remedy is famous for its cures of colds, and all danger from these diseases may be avoided if it is properly used.

The above endorsement of this remedy is only one out of many thousands of similar letters received by the manufacturers of this remedy. All over the country in every home where it has been used it has proved itself to be a blessing.

It is as good for a child as an adult, as it contains absolutely nothing injurious, and for coughs, colds, croup and whooping cough, it has no equal. Price 25 cents, large size 50 cents.

BURNED BY HOT TAR.

William Wefel Victim of Distressing Accident.

William Wefel, employed in the janneping department at the Fort Wayne Electric works, had his right hand badly burned this morning. He was in the act of drawing some janneping material, one of the ingredients being tar, from the heating tank, when he lost control of the spigot and a stream of the hot stuff flowed over his hand, literally cooking the flesh on the fingers and back of the member. Mr. Wefel is one of the old men in that department and this was his first serious mishap.

BIG BUILDING FEE.

Northwestern Takes Out Permit for Passenger Station.

Chicago, Jan. 21.—The largest fee for a building permit in Chicago in the knowledge of Chicago officials was paid to the building department yesterday by the Northwestern Railway company for its new Westside depot. The fee was \$2,859. The building will be the largest in cubic contents erected in the city, covering a ground area of 320 feet front by 1,322 feet in depth, and will vary from one story to four stories and basement. Of the fee paid \$1,833.30 was for inspection and \$1,000.70 for the water to be used in laying brick. The value of the building is placed at \$4,000,000.

FUTURE OF THE C. & O.

Rumor That Pennsylvania Will Assume Control.

Pittsburg, Jan. 21.—Pennsylvania railroad officials will not discuss the report that the company intends to take back the stock of the Chesapeake and Ohio and the Norfolk and Western railroads, although it was admitted in well informed railroad and financial circles yesterday that both roads are for sale. It is stated, however, that rumors of negotiations for the transfer of the Chesapeake and Ohio and the Norfolk and Western are without foundation. Control of these roads, it is declared, rests substantially as it rested since the Pennsylvania sold half of its stock in each of them two years ago last fall. One report had it that the Pennsylvania would again control these lines and that they would eventually be merged with the lines west of this city.

GARRETT DENIES RUMOR.

The metal stocks were generally strengthened by an advance of a point in United States Steel, but the rise failed to arouse any demand for the principal railroad stocks. National Enameling improved 1/2, and the preferred 2 points. The movement in individual stocks failed to create any response from the balance of the list, which continued almost at a standstill. Pittsburgh, Cleveland, Chicago & St. Louis jumped 2 points, and Amalgamated Copper, American Smelter and American Cotton Oil rose 1.

The market closed firm and quiet. The advance in United States Steel was aggressive up to 54 where it was checked by the weight of sales. American Smelter advanced 1/2. Union Pacific 1/4. Erie and the first preferred 1/4, and the second preferred, St. Paul and American Gas.

The general market made a moderate sympathetic response. Long Island declined 1/4, and Mackay Companies 1/4.

of the improvement. Under the present law the railroads will have thirty days in which to do this and in case of their failure the city will take the task.

City Attorney Colerick has been working on the resolution but it is a matter in which he is proceeding with extreme caution and he thinks he will be able to complete the task in time for the board.

Other matters to come before the board tonight are the confirmation of assessment rolls for the vacation of an alley east of Lafayette street from St. Mary's river to the Nickel plate road, the Nebraska storm sewer between Superior and Columbus east of Lafayette and one in the north of Scott avenue west of Broadway.

Keystone Cough Balsam

We have been putting this up for five years and know of nothing better. In 1908 we sold twice as much as we did in 1907, which is evidence that our customers have found it good. It gives prompt relief and quickly cures Winter Coughs, Hoarseness, etc. Price, 25c

Keystone Cold Tablets

It is wonderful how quickly these little chocolate tablets cure a cold. Many times two of the tablets do the work. The results justify us in claiming that they are the best combination of cold-nipping drugs. 25c a box.

A Religious Author's Statement.

For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. Dreier Bros.

SOME MARRIAGE FIGURES.

Secretary of the County Board of Health Van Buskirk has completed his statistical report for the last quarter of 1908 and in it there are some very interesting marriage figures. The report shows that in December the number of weddings were 76, while in October there were 63 and in November 62. Of the total number of grooms there were 191 Americans and 10 claimed foreign birth, while all but 6 of the brides were American born. Only one groom was under 20 years of age, while there were 23 brides not out of their teens. There were two grooms past 60 years and one past 70, but most of the contracting parties ranged in ages between 20 and 34.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Fort Wayne Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease, sets in. Read this Fort Wayne testimony.

Mrs. Elizabeth Ballou, 301 Baker street, Fort Wayne, Ind., says: "Doan's Kidney Pills are by far the best remedy that has ever entered our household. We procured them at Meyer Bros. Co.'s drug store, and different members of the family have been relieved of backache, rheumatism and other troubles caused by weak kidneys through their use. Doan's Kidney Pills have given these results after other remedies failed. I cheerfully endorse this excellent preparation."

Our Faultless

Food Chopper is unquestionably the best machine of its kind ever offered to the public. It will cut without crushing raw or cooked meat, sea food, fruit, vegetables, etc., into coarse or fine pieces, according to the cutter used, of which four accompany each chopper. It has eliminated all the objectionable features of other choppers and has added several improvements that are distinctly its own. It is always in order and the knives require no sharpening. It won't pay you to experiment with meat choppers; we have passed that stage. Buy here.
